2018	(\$25,000,000)
2019	\$0
2020	\$0
2021	\$0
2022	\$0

Fiscal Analysis

The bill would amend Government Code relating to the creation of a grant program to assist law enforcement agencies with the purchase of bulletproof vests within the Criminal Justice Division (CJD) of the Office of the Governor. The bill would require the CJD to collect proof of purchase from grant awardees and report on certain details of awards to the Legislative Budget Board

annually.

The bill would take effect immediately upon receiving two-thirds majority vote in each house. Otherwise, the bill would take effect September 1, 2017.

Methodology

This analysis assumes a grant amount based on Senate Bill 1, I-68, Rider 29, Bullet-Resistant Vests, which includes \$25,000,000 in General Revenue in fiscal year 2018 for grants to law enforcement agencies for bullet resistant personal body armor. According to the Office of the Governor, each Level 4 bullet-resistant vest costs \$500. Based on this estimate, this analysis assumes that \$25,000,000 will provide grant funding for approximately 50,000 vests.

This analysis assumes administrative duties and responsibilities associated with implementing the provisions of the bill could be accomplished utilizing existing resources in the Trusteed Programs Within the Office of the Governor.

The Comptroller of Public Accounts, the Department of Public Safety, and the Alcoholic Beverage Commission indicate that the duties and responsibilities associated with implementing the provisions of the bill could be accomplished within each agency's existing resources.

Local Government Impact

According to the Texas Municipal League, the San Antonio Police Department anticipates significant cost savings under the provisions of the bill.

According to the Texas Association of Counties, cost savings from grants are anticipated to have a positive fiscal impact to counties. However, the extent of the fiscal impact would vary depending on the number of vests provided to each county.
