**No significant fiscal implication to the State is anticipated.**

The bill would amend the Occupations Code relating to the provision of pharmacy services through a telepharmacy system; establishing a remote dispensing site license. The bill would require the Texas State Board of Pharmacy (TSBP) to develop a process for a remote dispensing site to apply for classification as a Class A pharmacy. The bill would amend certain requirements of TSBP to establish rules for the use and the duties of a pharmacy technician and pharmacy technician trainees.

The TSBP anticipates any additional work resulting from the passage of the bill could be reasonably absorbed within current resources.
