AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

H.B. 4645 creates Grayson County Municipal Utility District No. 3 (district). The district will encompass approximately 580.811 acres of land located within Grayson County, Texas. No portion of the district is located within the corporate boundaries or extraterritorial jurisdiction of any incorporated city, town or village.

H.B. 4645 is a standard template bill and provides for water, sewer, drainage, and road facilities (facilities), which need to be secured because the land to be located within the district will be developed for residential purposes. H.B. 4645 follows the template in all regards, except it gives the district the authority to divide and requires that any new district created by division hold a confirmation election. The district is created under Water Code provisions applicable to all water districts and to municipal utility districts and under constitutional provisions relating to conservation and reclamation districts. The district will have full road powers and must comply with all applicable road standards; however, the district will maintain such roads so long as the district is located outside the boundaries of any municipality.

H.B. 4645 provides that the district may not act as a retail water provider, and the district must make its facilities available to the certificate of convenience and necessity holder. The district will have the authority to issue tax-exempt bonds to purchase, acquire, or construct the facilities. It is also necessary to empower the district with authority to impose a tax and to grant the district a limited power of eminent domain. The bill provides for the creation, administration, powers, duties, operation, and financing of the district.

H.B. 4645 amends current law relating to the creation of the Grayson County Municipal Utility District No. 3; grants a limited power of eminent domain; provides authority to issue bonds; and provides authority to impose assessments, fees, and taxes.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
