AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 446 requires public employers to provide written notice regarding the availability of the Public Service Loan Forgiveness Program to newly hired employees.

The program is a federal financial aid program that forgives the remaining balance of student loans received under the William D. Ford Federal Direct Loan Program after 120 qualifying monthly payments are made under a qualifying repayment plan while working full-time for a government organization or 501(c)(3) non-profit organization.

Requiring public employers to notify newly hired employees of this federal program will provide an incentive for educated employees to seek out long-term employment with a governmental organization while also helping to address the national epidemic of growing student loan debt.

Excessive student loan debt is one of the greatest challenges that Americans currently face. Americans owe nearly 1.5 trillion dollars in student loan debt, distributed among an estimated 44 million borrowers.

S.B. 446 amends current law relating to requiring a public employer to give notice to new employees of the ability of certain employees to participate in the Public Service Loan Forgiveness Program

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
