AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The governor's Texas Military Preparedness Commission (TMPC) oversees the Defense Economic Adjustment Assistance Grant (DEAAG) program. DEAAG was created in 1997 and is an infrastructure grant program designed to assist defense communities that have been positively or negatively impacted by a change in defense contracts or an announced change.

Funding for negatively affected communities can be used for the purchase of Department of Defense property, new construction, or rehabilitation of facilities in support of job creating projects and opportunities. Funding for positively affected communities can be used for infrastructure projects directly supporting the new military mission. Additionally, funds can be awarded to Public Junior Colleges or Texas State Technical College System for the purchase or leasing of capital equipment for the purpose of (re)training displaced defense workers. Grants awarded may range from \$50,000 to \$5 million per project.

Key Provision:

This Act extends TMPC's mission to 2023 and allows the TMPC to have a broader scope when establishing criteria by which to award DEAAG funds. Last session, \$20 million was appropriated for DEAAG. (Original Author's/Sponsor's Statement of Intent)

S.B. 1443 amends current law relating to the Texas Military Preparedness Commission.
