### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Current law provides up to \$175 per person per month for indigent guardianship services through Medicaid Applied Income. The cost of providing guardianship services, however, has increased since that amount was codified. Accordingly, the counties served by non-profit guardianship programs have decreased from 138 counties in 2006 to 69 counties in 2018. S.B. 1784 would provide up to \$250 per person per month to encourage the provision of guardianship services throughout the state. (Original Author's/Sponsor's Statement of Intent)

S.B. 1784 amends current law relating to the deduction from applied income of compensation paid to guardians of certain Medicaid recipients.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
