- 3. Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the Retirement System.
- 4. State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, ERS Retirement Program, is based on a state contribution of 9.5 percent of payroll for each fiscal year of the 2020-21 biennium, including annual membership fees of \$3 for contributing members for each fiscal year.

EMPLOYEES RETIREMENT SYSTEM

(Continued)

- 5. State Contribution to the Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS).** The amount specified above in A.1.2, LECOS Retirement Program, is based on 0.5 percent of covered payroll each fiscal year of the 2020-21 biennium for LECOS members.
- 6. State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 15.663 percent of payroll for each fiscal year of the 2020-21 biennium for contributing members.
- 7. State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Program and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Benefits Program. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, the Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2020-21 biennium.

- 8. Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code, §815.5072.
- 9. Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
- 10. Federal Funds for Medicare Part D Prescription Drug Program.** The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.

All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to Government Code, §609.512 are hereby appropriated to the system for the 2020-21 biennium for the purposes authorized by law.

12. Tobacco User Monthly Premium Fee. The Employees Retirement System, pursuant to the provisions of Insurance Code, §1551.3075, shall automatically apply a \$30 monthly tobacco user fee to any individual aged 18 or older covered under the state health plan unless the individual, during the individual's enrollment period, certifies that the individual does not use tobacco. The Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be \$11,934,547 in each year of the 2020-21 biennium) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.

13. Notification of Contracts Greater than \$10 Million. It is the intent of the Legislature that the agency shall submit notice to the Legislative Budget Board at least ten business days prior to issuing a request for proposals for a contract, as defined in Article IX, Section 7.04 of this Act, with a value reasonably expected to exceed \$10 million. The notice shall be provided consistent with the agency's fiduciary duties. The notice shall be provided on a form prescribed by the Legislative Budget Board. The notice shall include:

- a. a brief description of the request for proposals; and
- b. criteria that will be evaluated, as identified in the request for proposals.

Additionally, the notice shall provide the following if ERS' processes have changed from the prior request for proposals subject to this notice provision:

- a. an explanation of the agency's evaluation process ;
- b. guidelines for evaluators;
- c. methodology for evaluating additional factors not anticipated during planning; and
- d. methods for verifying the mathematical accuracy of the evaluation.

In addition to the requirements of this rider, the agency shall comply with all reporting requirements under Article IX, Sec. 7.12, Notification of Certain Purchases or Contract Awards, Amendments, and Extensions, of this Act.

14. Health Clinic at a State Agency or Institution of Higher Education. Out of appropriations made in this and other articles of this Act for the Group Benefits Program, the board of trustees may operate or contract with a person to operate an onsite, or near-site, health clinic at a state agency or institution of higher education. The board may only operate or contract for a clinic if the board determines that:

- a. the clinic can be operated on a cost-neutral or cost-positive basis to the health plan;
- b. there is sufficient health plan participation in the area where the proposed clinic will operate; and
- c. no funds will be spent by the board for the cost of acquiring or building the clinic, capital expenses, or acquiring equipment.

15. Health Related Institutions Savings. It is the intent of the legislature that the HealthSelect of Texas network administered under the Employees Retirement System of Texas Group Benefits Program shall maintain competitive and favorable contracted provider rates with Health Related Institutions receiving appropriations under this Act. The Employees Retirement System may initiate and continue innovative value-based plan design models and partnerships with Health Related Institutions.

3. Cash Basis Expenditures Authorization. Notwithstanding any other provision of this Act, the Health and Human Services Commission may expend Medicaid appropriations in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, in each fiscal year of the 2020-21 biennium without regard to date of service. The authorization herein is limited to expenditures in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, for claims payments, premiums, cost settlements and other related expenses for Medicaid client services.

4. Hospital Uncompensated Care. No funds appropriated above for medical assistance payments may be paid to a hospital if the Health and Human Services Commission (HHSC) determines that the hospital has not complied with the commission's reporting requirements. HHSC shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced.

HHSC shall conduct an appropriate number of audits to assure the accurate reporting of uncompensated hospital care costs.

HHSC shall submit a biennial report on uncompensated care costs to the Governor and Legislative Budget Board no later than December 1, 2020, which details the impact of patient specific and lump sum funding as offsets to uncompensated costs, impact of health care reform efforts on the funding streams that reimburse uncompensated care, and assess the need for those funding streams in future biennia. HHSC may report by hospital type.

5. Cost Comparison Report. Out of funds appropriated above in Strategy B.1.1, Medicaid Contracts & Administration, the Health and Human Services Commission (HHSC) shall develop a report analyzing state and federally funded residential and nonresidential services in the Home and Community-based Services (HCS) waiver program, the Texas Home Living waiver program, and Intermediate Care Facilities for Individuals with an Intellectual Disability (ICFs-IID).

(a) The report shall include the following:

- (1) the monthly average cost to the state per person for individuals residing in state-operated and non-state operated ICFs-IID, HCS waiver program, and Texas Home Living waiver program by Level of Need (LON), and facility size (private ICFs-IID only);
- (2) a comparison of severity across settings; and
- (3) the total number of persons, by LON, who transitioned from state-operated ICFs-IID to the HCS residential waiver program for the previous biennium, and their average monthly cost of service in the HCS waiver program.

(b) With respect to the cost to the state per person residing in a state operated ICF-IID facility, HHSC shall include all costs, such as Statewide Indirect Cost Allocation Plan (SWICAP), maintenance and construction costs, employee benefit costs and other federally allowable administrative, medical and overhead costs. With respect to the cost to the state per person in state-operated ICFs-IID, non-state operated ICFs-IID facilities, and the HCS and Texas Home Living waivers, HHSC shall include all Medicaid costs including acute care costs that are not included in the waiver rate for those programs and all costs to administer and license those programs. For state-operated ICFs-IID, the average monthly administrative and overhead costs shall be reported separately from the average monthly client care costs. HHSC shall identify the types of costs included in each category.

(c) Cost for waiver recipients will cover the time a person enrolled in the waiver through the time they are terminated from waiver services. The cost for ICF-IID services will cover the

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

time a person is admitted to the facility to the time of discharge unless the person is admitted to an ICF-IID or waiver within 60 days of discharge. In that case, the Medicaid costs incurred during discharge will be counted toward the ICF-IID costs.

The report shall be submitted to the Legislative Budget Board and Governor, and shall be posted on the Commission's website no later than August 31, 2020.

6. Hospital Reimbursement. Contingent upon federal approval, and to the extent allowed by law, no funds appropriated above for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims, excluding state-owned teaching hospital Medicaid inpatient claims, that employs sound cost reimbursement principles and:

- (a) enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
- (b) reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
- (c) reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
- (d) promotes and rewards increased efficiency in the operation of hospitals;
- (e) emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
- (f) recognizes, through add-on payments or other methods, the unique needs of individual hospitals, including rural hospitals.

7. Nursing Home Program Provisions.

- (a) **Tending Home Income Eligibility Cap.** It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI).
- (b) **Nursing Home Bed Capacity Planning.** It is the intent of the Legislature that the Health and Human Services Commission shall control the number of Medicaid beds, decertify unused Medicaid beds, and reallocate some or all of the decertified Medicaid beds, taking into account a facility's occupancy rate.

8. Graduate Medical Education. The Health and Human Services Commission may expend Appropriated Receipts - Match for Medicaid No. 8062 and matching Medicaid Federal Funds appropriated in Strategy A.4.1, Non-Full Benefit Payments, for Graduate Medical Education payments to state-owned teaching hospitals, contingent upon receipt of allowable funds from state-owned teaching hospitals to be used as the non-federal share for Medicaid Graduate Medical Education. Appropriated Receipts - Match for Medicaid No. 8062 shall be the only source of funds used for the non-federal share for Medicaid Graduate Medical Education, and the Health and Human Services Commission shall develop a payment methodology for Medicaid Graduate Medical Education payments to state-owned teaching hospitals.

9. Use of PARIS Data. Out of funds appropriated above in Strategy B.1.1, Medicaid Contracts & Administration, the Health and Human Service Commission (HHSC) shall submit information quarterly to the U.S. Health and Human Services Department's Administration for Children and Families for participation in the federal Public Assistance Reporting Information System's (PARIS) Veterans and Federal Files information exchange. The Health and Human Services Commission, Office of the Inspector General, shall submit the necessary state data from all state health and human services programs that may serve veterans to receive results from the federal PARIS system and shall forward the necessary information received from the PARIS system to the appropriate state agencies for follow up and further investigation.

It is the intent of the Legislature that from funds appropriated above in Strategy A.1.6, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients. The

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. It is also the intent of the Legislature that from funds appropriated above in Strategy A.1.6, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for certain categories of drugs not covered under the federal Medicare Part D program, under §1935(d)(2) of the Social Security Act, for full dual eligible clients. This coverage is limited to only those categories of excluded Medicare Part D drugs that continue to be eligible for federal Medicaid matching funds and that are currently covered under the Medicaid Vendor Drug Program (e.g., certain prescribed over-the-counter medications, smoking cessation medications and vitamins).

HHSC shall report on the evaluation and findings and make a recommendation on whether or not the state should continue to provide funding to each DSRIP project after the discontinuation of federal financial participation to the Governor, the Legislative Budget Board, and permanent committees in the House of Representatives and the Senate with jurisdiction over health and human services by October 1, 2020.

140. Healthy Texas Women Program Provider List Improvement Strategic Plan. Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) shall develop a strategic plan to improve the accuracy of Healthy Texas Women Program (HTW) provider list on the HTW website. The strategic plan shall include methods to ensure the provider list contains:

- (a) Only providers who are enrolled in HTW and are taking patients;
- (b) Current provider contact information;
- (c) Only addresses where services are rendered and not provider administrative offices; and
- (d) Easily accessible and understandable information.

HHSC shall submit the strategic plan to the Governor, the Legislative Budget Board, and permanent committees in the House of Representatives and the Senate with jurisdiction over health and human services by November 1, 2020.

141. Evaluation of Client Transition into Women's Health Programs. Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) shall work with Managed Care Organizations (MCOs) to evaluate the current transition process for women who lose eligibility for Medicaid or CHIP and are eligible for the Healthy Texas Women Program (HTW) or Family Planning Program (FPP) and ways to improve the transition process. The evaluation shall examine:

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- (a) Methods of communicating information regarding loss of Medicaid/CHIP eligibility and potential eligibility for HTW/FPP to clients by MCOs and HHSC; and
- (b) Ways in which HHSC and MCOs can make clients aware of any other programs they may be newly eligible for.

HHSC shall report on the evaluation and findings to the Governor, the Legislative Budget Board, and permanent committees in the House of Representatives and the Senate with jurisdiction over health and human services by June 1, 2020.

142. Home Delivered Meals Program. Included in amounts appropriated above in Strategy F.1.2, Non-Medicaid Services, is \$3,894,973 in General Revenue in each fiscal year of the 2020-21 biennium to increase the maximum rate for Home Delivered Meals to \$5.42 per meal.

143. Transfer of Unused Long-acting Reversible Contraceptive Devices. Out of funds appropriated above in Strategy B.1.1, Medicaid Contracts and Admin, and Strategy L.1.1, HHS System Supports, the Health and Human Services Commission shall coordinate with the State Board of Pharmacy to determine the feasibility of implementing a process in which unused long-acting reversible contraceptive devices prescribed for clients enrolled in Medicaid or the Healthy Texas Women (HTW) program can be transferred to another Medicaid or HTW client. If feasible and costeffective, HHSC, with prior written approval from the Legislative Budget Board and Governor, may implement the process.

144. Long-Acting Reversible Contraception Bulk Purchasing.

- (a) Out of funds appropriated above in Strategy D.1.1, Women's Health Programs, the Health and Human Services Commission (HHSC) may expend up to \$4,000,000 in General Revenue for the Healthy Texas Women (HTW) program and \$4,000,000 in General Revenue for the Family Planning Program (FPP) during the 2020-21 biennium for contracts with program providers for the purpose of allowing providers to purchase and maintain a supply of long-acting reversible contraception (LARCs) devices and related supplies within their office or clinic.
- (b) HHSC shall construct a tiered funding methodology and disperse funding in the following order: providers serving clients in rural and medically underserved areas or serving populations with historical underutilization; providers who demonstrate historical barriers to purchasing LARCs; and providers generally seeking to increase LARC utilization. HHSC shall base all funding allocations for this purpose on historical utilization and overall clients served.
- (c) HHSC shall develop a mechanism to properly account for utilization of stocked LARC devices and supplies purchased with funds identified in subsection (a).
- (d) HHSC shall place a set percentage of contracted funds used for the purpose described in subsection (a) at risk for each contracted HTW and FPP provider. Funds placed at risk are subject to recoupment. Unexpended or recouped funds and unused devices shall be redistributed, to the extent allowable and feasible, to other contractors for the purpose described in subsection (a) according to a methodology developed by HHSC.
- (e) HHSC shall research the availability of federal funds to supplement state funds to assist in maintaining LARCs and related supplies in HTW and FPP provider offices and clinics.
- (f) Amounts identified in subsection (a) related to the HTW program are a portion of, not in addition to, appropriations for the HTW Cost Reimbursement program identified in HHSC Rider XX, Healthy Texas Women Cost Reimbursement Program, and are subject to the provisions of that rider.

- 146. Unexpended Balances within the Biennium: Family Violence Services.** Any unexpended and unobligated balances remaining as of August 31, 2020, from appropriations made to the Health and Human Services Commission (HHSC) in Strategy F.3.1, Family Violence Services, are appropriated to HHSC for the fiscal year beginning September 1, 2020, for the same purposes relating to the provision of family violence services.
- 147. Clear Process for Including Prescription Drugs on the Texas Drug Code Index.** The Health and Human Services Commission (HHSC) shall make clear their process for the inclusion of prescription drugs in the Medicaid and Children's Health Insurance Programs. In maintaining the prescription drug inclusion process, HHSC shall ensure that the timeline for review, including initiation of drug review, clinical evaluation, rate setting, Legislative Budget Board notification, and making the product available, does not extend past the 90th day of receipt of the completed application for coverage on the Texas Drug Code Index. - 148. Hepatitis C Treatment Access.** Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC), in cooperation with the Texas Department of Criminal Justice, Employees Retirement System, and Teachers Retirement System, shall explore the feasibility of implementing a model allowing the state to pay a flat monthly rate for unlimited access to medications or other bulk purchasing or negotiating opportunities to treat individuals with Hepatitis C who are eligible to have prescription drugs provided with state funds. HHSC shall prepare and submit a report on the cost-effectiveness and projected savings of implementing such a model to the Governor, Legislative Budget Board, and permanent committees in the House of Representatives and the Senate with jurisdiction over health and human services no later than July 1, 2020. If feasible and cost effective, HHSC, with prior written approval from the Legislative Budget Board and the Governor, may implement this model.

As part of the evaluation, HHSC shall consider the potential for Medicaid cost savings and options for providing reimbursement to the regional advisory councils or emergency medical services providers with those savings. If determined feasible and cost-effective, HHSC, with prior written approval from the Legislative Budget Board and the Governor, may implement the program. HHSC shall report to the Governor and the Legislative Budget Board on the results of the evaluation, including any recommendations or implementation plans, no later than October 31, 2020.

If HHSC determines that an enhanced payment model is feasible and necessary, and receives federal approval to operate such a payment model, HHSC may receive and expend any inter-governmental transfer funds that may be required to support the enhanced payments.
- 151. Change in Ownership Processing Timeliness.** Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) shall review the agency's process for completing nursing facility change of ownership, including timeframes for application processing, survey, contracting, licensure, and payments following the completed change of ownership. HHSC shall submit a report detailing the agency's current processes and timeframes and recommendations for improving the change of ownership process to reduce the duration a nursing facility provides services without Medicaid reimbursement to the Governor, Legislative Budget Board, and permanent committees in the House of Representatives and the Senate with jurisdiction over health and human services by March 1, 2020.

Expenditures for such equipment may not exceed \$500 per employee per incident.

Sec. 4. Federal Match Assumptions and Limitations on Use of Available General Revenue Funds.

- a. **Federal Match Assumptions.** The following percentages reflect federal match assumptions used in Article II of this Act. - b. **Enhanced Match Assumptions and Reporting.** Health and human services agencies listed in Article II of this Act shall submit to the Legislative Budget Board and the Governor the monthly number of clients receiving services eligible for any enhanced federal match as well as the amount of eligible expenditures subject to an enhanced match, by strategy. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board. For purposes of this section, enhanced federal matches are defined as an increase to the usual matching rate (regardless of what the usual match is) that are, or become, available under Medicaid or another federally-matched program. Enhanced federal matches include, but are not limited to, those made available through the Money Follows the Person demonstration and the Community First Choice Program. Whether or not a match meets the definition of enhanced federal match for purposes of this section will be at the discretion of the Legislative Budget Board.

Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

Sec. 11. Language Interpreter Services. In order to compensate employees of health and human service agencies for assuming the duty of providing interpreter services to consumers whose primary language is not English, health and human service agencies, upon written authorization of the appropriate agency commissioner or his/her designee, may, from funds appropriated above, increase the salary of classified employees by an amount equal to a one step increase, or 3.25 percent, so long as the resulting salary rate does not exceed the rate designated as the maximum rate for the applicable salary group. Sec. 13. Appropriation of Receipts: Civil Monetary Damages and Penalties. Included in the amounts appropriated above for the 2020-21 biennium are the following:

- a. \$1,414,870 in General Revenue Match for Medicaid for the Health and Human Services Commission (HHSC);

Any amounts collected above these amounts by the respective agency are appropriated to the respective agency in amounts equal to the costs of the investigation and collection proceedings conducted under those sections, and any amounts collected as reimbursement for claims paid by the agency. For HHSC, any amount collected above this amount is to be applied to the protection of health and property of residents

in nursing facilities in accordance with 42 U.S. Code §1396r(h)(2)(a)(ii) and Human Resources Code §32.021(g) subject to the approval of the Centers for Medicare and Medicaid Services.

Sec. 14. Rate Limitations and Reporting Requirements. Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by the Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS) shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology), including for oral medications, that account for significant expenditures. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based on the most current caseload forecast submitted by HHSC pursuant to other provisions in this Act and should specify General Revenue Funds, TANF Federal Funds, and All Funds. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

a. Notification of Change to Managed Care Rates.

- (1) Within seven calendar days of the establishment of preliminary premium rates for managed care organizations (MCOs) contracting with HHSC, the Executive Commissioner of the HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:
 - (i) a schedule showing the previous fiscal year's rate and the proposed rate, which should include information on the rate basis for the MCO reimbursements to providers;
 - (ii) a schedule and description of the rate-setting process for all rates listed for subsection (1), which should include:
 - (a) a thorough explanation of all formulas and rounding methodologies used in the rate setting process;
 - (b) reasoning and basis for all trends used in the rate-setting process;
 - (c) all analyses conducted by the Data Analysis Unit (established pursuant to Government Code §531.0082) that are pertinent to the rate-setting process; and
 - (d) all documentation submitted to the Centers for Medicare and Medicaid Services (CMS) pursuant to 42 C.F.R. §438.7.
 - (iii) an estimate of the fiscal impact, by agency and by fiscal year, including the amount of General Revenue Funds, TANF Federal Funds, and All Funds for each rate change listed for subsection (1).
- (2) The Executive Commissioner of HHSC shall submit all available information identified in subsection (1) if the preliminary rates are changed and shall also submit the reason for these changes. The Executive Commissioner of HHSC shall submit the final proposed rates along with the information listed in subsection (1) no later than 45 calendar days prior to implementation.
- (3) Within seven days of the submission requirements listed above in subsections (i) through (iii), the Executive Commissioner of HHSC shall submit a schedule identifying an estimate of the amount of General Revenue Funds, TANF Federal Funds, and All Funds by which expenditures at such rate levels would exceed appropriated funding.

- b. Orphan Drug Notification.** HHSC shall provide notification of a new or increased rate for an orphan drug within 60 calendar days following expenditures for this purpose if managed care capitation rates are to be adjusted or the annual fiscal impact to fee-for-service expenditures is expected to exceed \$500,000 in General Revenue Funds. An orphan drug must meet criteria specified in the federal Orphan Drug Act and regulations at 21 C.F.R. §316, and be required to be covered by the Medicaid program under federal law. With the

notification, HHSC shall provide the fiscal impact including the amount of General Revenue Funds, and All Funds, by fiscal year; the amount of drug rebates projected; and an estimate of the population to be served.

- c. **Quarterly Notification.** With the exception of statutorily required pricing updates on oral medications, and on a quarterly basis, HHSC shall provide notice of changed rates for:
- (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
 - (2) revised rates occurring as a result of a biennial calendar fee review;
 - (3) any rate change estimated to have an annual fiscal impact of less than \$500,000 in General Revenue-Related Funds or TANF Federal Funds; and
 - (4) any orphan drug not subject to the requirements of subsection (b).
- d. **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in subsections (b) or (c), HHSC and DSHS may not pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate;
- (2) an estimate of the fiscal impacts of the new rate and/or rate change, by agency and by fiscal year; and
- (3) the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year, by which each rate would exceed appropriated funding for each fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- e. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests, and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- f. The Office of the State Auditor may review the fiscal impact information provided under sections (a) through (d) along with supporting documentation, supporting records, and justification for the rate increase provided by HHSC and report back to the Legislative Budget Board and the Governor before the rate is implemented.
- g. The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 15. Locality Pay. Out of funds appropriated above, the health and human services agencies listed in Article II of this Act are authorized to pay a salary supplement, not to exceed \$1,200 per month, to agency-determined employees whose duty station is located in an area of the state in which the high cost of living is causing excessive employee turnover, as determined by the agency. This salary supplement shall be in addition to the maximum salary rate authorized for that position elsewhere in this Act. In the event that an employee so assigned works on a less than full-time basis, the maximum salary supplement shall be set on a basis proportionate to the number of hours paid.

 - (H) Contingent on the implementation of a newborn screening test the Department of State Health Services has not included from the Recommended Uniform Screening Panel of the Secretary's Advisory Committee on Heritable Disorders in Newborns and Children in the agency's testing panel as of September 1, 2019 and pursuant to Section 33.011 of the Health and Safety Code, an amount not to exceed \$10,000,0000 is appropriated to Strategy A.4.1, Laboratory Services for the 2020-21 biennium, upon prior written approval of the Legislative Budget Board and the Governor.
- (2) Health and Human Services Commission:
- (A) Strategy A.4.1, Non-Full Benefit Payments: \$18,604,179 in fiscal year 2020 and \$18,604,181 in fiscal year 2021

- (b) **Limitation on Use of Public Health Medicaid Reimbursements (Account 709).**
- (1) In the event that Public Health Medicaid Reimbursement revenues exceed the amounts noted above, DSHS or HHSC may expend the Public Health Medicaid Reimbursement funds thereby made available only upon prior written approval from the Legislative Budget Board and the Governor. Notwithstanding Article IX, §14.01, Appropriation Transfers, and Special Provisions Relating to All Health and Human Services Agencies, §6, Limitations on Transfer Authority, transfers of Public Health Medicaid Reimbursement revenues may be made only upon prior written approval from the Legislative Budget Board and the Governor. A request to expend additional Public Health Medicaid Reimbursement funds or transfer Public Health Medicaid Reimbursement funds shall include the following information:
- (A) the reason for and the amount of Public Health Medicaid Reimbursement revenue that exceeds the amounts in section (a) above, and whether this additional revenue will continue in future years;

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- (B) the reason for and the amount of any transfer of Public Health Medicaid Reimbursement revenue;
 - (C) a detailed explanation of the purpose(s) of the expenditure and whether the expenditure will be one-time or ongoing;
 - (D) the name of the strategy or strategies affected by the expenditure and the FTEs for each strategy by fiscal year;
 - (E) the impact of the expenditure on performance levels, and, where relevant, a comparison to targets included in this Act for the affected strategy or strategies; and
 - (F) the impact of the expenditure on the capital budget.
 - (G) The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its review of the proposal to expend the funds and forwards the review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.
- (2) In the event that Public Health Medicaid Reimbursement revenues and balances are insufficient to support the appropriations amounts identified in subsection (a), a reduction shall be made in HHSC Strategy A.4.1, Non-Full Benefit Payments.

Sec. 17. Use of Trauma Fund Receipts. In an effort to maximize the availability of Federal Funds under Medicaid for the purposes of providing reimbursement for uncompensated trauma care at designated facilities and providing increases in Medicaid inpatient provider rates, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) shall enter into an interagency contract to allow for the transfer of funds from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, from DSHS to HHSC for this purpose. This interagency contract would allow for the transfer of the Account No. 5111 funds to the extent that the use of these funds in this manner would not reduce reimbursements that otherwise would have been provided for uncompensated trauma care to designated facilities.

Appropriations include \$115,022,700 in fiscal year 2020 and \$115,022,700 in fiscal year 2021 out of the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to the Department of State Health Services, Strategy B.2.1, EMS and Trauma Care Systems. Of that amount, \$100,471,474 in each fiscal year is to be transferred through the interagency contract to HHSC to provide add-on payments for trauma care and safety-net hospitals in Medicaid.

If funds are not available in the amount appropriated from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 in this Act, the amounts identified for transfer through interagency contract to HHSC shall be reduced by the amount that funds are less than appropriations and an equal amount of General Revenue Funds is appropriated to HHSC.

Sec. 18. Performance Reporting for Texas Center for Infectious Disease and Rio Grande State Center. The Health and Human Services Commission and the Department of State Health Services shall submit to the Legislative Budget Board and the Governor not later than December 1 of each fiscal year the following information regarding performance of the Texas Center for Infectious Disease and the Rio Grande State Center: revenue collections at the hospital, by payor mix; direct and non-direct patient care expenditures; number of inpatient patients served on a monthly basis by type of service provided; and number of outpatient patients served on a monthly basis by type of service provided.

Sec. 19. Prohibition on Use of Appropriations for the Private Operation of a State Hospital. No funds appropriated above shall be used to solicit bids for the private operation of a state hospital or for the private operation of a state hospital, without approval from the Legislative Budget Board.

Sec. 20. Charges to Employees and Guests. Collections for services rendered to employees and guests shall be made by a deduction from the recipient's salary or by cash payment in advance. Such deductions and other receipts for these services from employees and guests are appropriated to the facility. Refunds of excess collections shall be made from the appropriation to which the collection was deposited.

As compensation for services rendered and notwithstanding any other provision in this Act, any facility under the jurisdiction of the Health and Human Services Commission or the Department of State Health Services may provide free meals for food service personnel and volunteer workers, and may furnish housing facilities, meals, and laundry service in exchange for services rendered by interns, chaplains in training, and student nurses.

Sec. 21. New or Additional Facilities. No funds appropriated may be spent for constructing new or additional facilities or for the purchase of sites without specific authorization of the Legislature. All facilities shall be kept where they are located by the Legislature, and all new buildings to be constructed shall be on these sites unless otherwise specifically authorized by the Legislature. For the purpose of this subsection, specific authorization may be granted either by basic statute or special authorization in this Act.

Sec. 22. Revolving Petty Cash Funds. Each facility under the jurisdiction of the Health and Human Services Commission or the Department of State Health Services may establish a petty cash fund to be maintained in cash or at a local bank. The petty cash fund, not to exceed \$25,000 shall be used only for making emergency payments and small purchases which will increase the efficiency of the operation; for payments to client workers on a regular payday basis; for use as change funds in specific locations where financial activities of the agency require a change fund; and for supplies and equipment purchases for on-campus work centers.

Sec. 23. Surplus Property. Notwithstanding Article IX, §8.03, Surplus Property, of this Act, in order to conserve funds appropriated, surplus personal property may be transferred from one state hospital or state supported living center to another with or without reimbursement. The Health and Human Services Commission or the Department of State Health Services may transfer surplus personal property from a state hospital or state supported living center to a community center, as defined in the Texas Health and Safety Code §534.001(b), with or without reimbursement. Surplus personal property belonging to any state hospital or state supported living center may be sold; provided, however, that such transfers or sales shall be made under the same procedure as provided by Government Code, Chapter 2175.

Sec. 24. Patient or Client Assistance. Subject to the approval of rules and regulations of the Health and Human Services Commission or the Department of State Health Services, patients or clients in any state hospital or state supported living center who are assisting in the operation of the facility as part of their therapy, may receive compensation out of any funds available to the respective facilities.

Sec. 25. Barber and Cosmetology Services. The Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS) may be reimbursed for barber and cosmetology services in state hospitals and state supported living centers provided the reimbursement is consistent with an individual's ability to pay. These reimbursements are appropriated above to the agencies to offset the cost of providing barber and cosmetology services. The agencies may also use patient benefit funds to offset the cost of these services for indigent clients.

Sec. 26. State-Owned Housing. The Superintendent, Medical Director, Assistant Superintendent for Programs, and Director of Plant Maintenance at each state hospital and the Director, Medical Director, Assistant Director for Programs, and Director of Plant Maintenance at each state supported living center are authorized to live in state-owned housing at a rate determined by the Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS). Other HHSC or DSHS employees may live in state-owned housing as set forth in Article IX, §11.02, Reporting Related to State Owned Housing, of this Act. Fees for employee housing are appropriated above to be used for maintaining employee housing.

Sec. 27. Donations from Individuals, Community Groups and Volunteer Services Councils. It is expressly provided that the Department of State Health Services and the Health and Human Services Commission, in accordance with §533.001 of the Health and Safety Code and to the extent permitted by law, may accept donations for permanent improvements at the state hospitals and the state supported living centers from individuals, community groups and local Volunteer Services Councils. Such funds

are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.

Sec. 28. Transfers of Appropriation - State Owned Hospitals. The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS) shall transfer from non-Medicaid state appropriated funds the following amounts from HHSC Strategy G.2.1, Mental Health State Hospitals and DSHS Strategy A.2.5, TX Center of Infectious Disease to HHSC Goal B, Medicaid and CHIP Support, for the Disproportionate Share Hospital Reimbursement Program:

	2020	2021
State Mental Health Hospitals	\$157,897,928	\$157,897,928
Texas Center for Infectious Disease	<u>5,292,067</u>	<u>5,292,067</u>
	\$163,189,995	\$163,189,995

The timing and form of such transfers shall be determined by the Comptroller of Public Accounts in consultation with HHSC. The Legislative Budget Board may adjust the amounts of such transfers as necessary to match available federal funds. HHSC and DSHS shall also transfer non-Medicaid state appropriated funds as necessary for other qualifying state-funded community hospitals including mental health community hospitals. HHSC and DSHS shall monitor Medicaid utilization rates at these state-owned hospitals to ensure their qualification for the Disproportionate Share Hospital Reimbursement Program.

Sec. 29. Payment for Compensatory Time. The Health and Human Services Commission and the Department of State Health Services, to the extent permitted by law, may pay FLSA non-exempt employees of state hospitals and state supported living centers on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions. In addition, any health and human service agency, with the explicit approval of the Health and Human Services Executive Commissioner, to the extent permitted by law, may pay FLSA non-exempt employees required to provide support during a federally declared disaster on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions.

Sec. 30. Appropriation of Local Funds. All unexpended balances of local funds received from counties, cities, and other local sources as of August 31, 2019, (estimated to be \$0) by an agency named in this Article, are appropriated to that agency for the same purposes for use during the fiscal biennium beginning September 1, 2019.

Sec. 31. Reporting of Child Abuse. All health and human services agencies listed in Article II of this Act may distribute or provide appropriated funds only to recipients who show good faith efforts to comply with all child abuse reporting guidelines and requirements set forth in Chapter 261 of the Texas Family Code.

Sec. 32. Foster Care Rate Methodology. Out of funds appropriated above to the Health and Human Services Commission (HHSC) in Strategy L.1.1, Enterprise Oversight and Policy, and in consultation with the Department of Family and Protective Services (DFPS) HHSC shall evaluate the methodology for establishing foster care rates to determine whether there is an alternative methodology that would increase provider capacity capable of delivering appropriate and evidence-based services, incentivize quality improvements, and maximize the use of federal funds.

If an alternative is identified, HHSC and DFPS may implement the revised methodology if doing so would not increase General Revenue expenditures for foster care payments in Strategies B.1.9, Foster Care Payments and B.1.12, Community-based Care Payments.

Sec. 33. Waiver Program Cost Limits.

- (a) **Individual Cost Limits for Waiver Programs.** It is the intent of the Legislature that the Health and Human Services Commission comply with the cost-effectiveness requirements of the Centers for Medicare and Medicaid Services and set the individual cost limit for each waiver program as follows:

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- (1) Medically Dependent Children Program: 50 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility on August 31, 2010;
 - (2) Community Living Assistance and Support Services Program: The fixed amount of \$114,736.07 based on historical annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;
 - (3) Deaf-Blind with Multiple Disabilities Program: The fixed amount of \$114,736.07 based on historical annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;
 - (4) Home and Community-based Services Program: 200 percent of the reimbursement rate that would have been paid for that same individual to receive services in an ICF/IID on August 31, 2010; and
 - (5) STAR+PLUS Community-Based Alternatives: 202 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility.
- (b) **Use of General Revenue Funds for Services.**
- (1) Out of funds appropriated for the waiver programs identified above, and subject to the terms of subsection (3) below, the commission is authorized to use General Revenue Funds to pay for services if:
 - (A) the cost of such services exceeds the individual cost limit specified in a medical assistance waiver program listed above;
 - (B) federal financial participation is not available to pay for such services; and
 - (C) the commission determines that:
 - (i) the person's health and safety cannot be protected by the services provided within the individual cost limit established for the program; and
 - (ii) there is no other available living arrangement in which the person's health and safety can be protected at that time, as evidenced by:
 1. an assessment conducted by clinical staff of the commission; and
 2. supporting documentation, including the person's medical and service records.
 - (2) Out of funds appropriated under this Article for the waiver programs identified above, and subject to the terms of subsection (3) below, the commission is authorized to use General Revenue Funds to continue to provide services to a person who was receiving medical assistance waiver program services on September 1, 2005, at a cost that exceeded the individual cost limit specified in the medical assistance waiver program if:
 - (A) federal financial participation is not available to pay for such services; and
 - (B) continuation of those services is necessary for the person to live in the most integrated setting appropriate to the needs of the person.
 - (3) Authority provided in subsections (b)(1) and (b)(2) above is contingent upon the agency submitting a report in writing to the Legislative Budget Board and Governor on October 1 of each year of the biennium. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.
- (c) HHSC shall evaluate the possible incorporation of the limitations described in section (a) above into the Texas Administrative Code.

The total appropriation may not exceed the sum-certain amount. This appropriation includes allocations under Chapters 41, 42 and 46 of the Texas Education Code.

Notwithstanding any other provision of this Act, the Texas Education Agency may make transfers as appropriate between Strategy A.1.1, FSP - Equalized Operations, and Strategy A.1.2, FSP - Equalized Facilities. The TEA shall notify the Legislative Budget Board and the Governor of any such transfers at least 15 days prior to the transfer.

To the extent necessary to avoid reductions in state aid as authorized by Texas Education Code §42.253(h), the Commissioner of Education is authorized to transfer Foundation School Program funds from fiscal year 2021 to 2020 only upon the approval of the Legislative Budget Board and the Governor's Office. The request to transfer Foundation School Program funds from fiscal year 2021 to 2020 shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date on which the staff of the Legislative Budget Board concludes its review of the request to transfer appropriations and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall suspend the counting of the 30 business days.

6. Windham Schools. The funds appropriated above in Strategy B.2.4, Windham School District, are to be expended only for academic and vocational educational programs approved by the Texas Education Agency. The Commissioner of Education shall allocate \$53,182,720 in fiscal year 2020 and \$51,182,720 in fiscal year 2021 to the Windham Schools based on contact hours for the best 180 of 210 school days in each year of the biennium. The Windham School District shall use funds appropriated above to serve those students whose participation will help achieve the goals of reduced recidivism and the increased success of former inmates in obtaining and maintaining employment. To achieve these goals, younger offenders with the lowest educational levels and the earliest projected release or parole eligibility dates should receive high priority. This policy shall not preclude the Windham School District from serving other populations according to needs and resources. For students who successfully complete the district's program during the 2018-19 biennium, the Windham School District shall report to the Eighty-seventh Legislature on the following: recidivism rates, employment rates, and attainment of GEDs, high school diplomas, professional certifications, and adult education literacy levels.

7. Appropriation of Audit Adjustments, Settle-Up Funds and Attendance Credit Revenues. When reviews and audits of allocations to school districts reveal the allocations previously made were greater or less than the amounts found to be due, the Texas Education Agency is authorized to recover or pay the sums necessary to adjust to the correct amounts. 75. Special Education Supports. Appropriations above include a total of \$50,478,500 in General Revenue Funds for the Special Education Supports initiative. The Commissioner shall allocate these funds for the following purposes:

- a. From Strategy A.2.3, Students with Disabilities, \$50,000,000 in General Revenue Funds in fiscal year 2020 for grants to reimburse school districts for the following costs: providing extended school year services for students receiving special education; for costs relating to identification of students needing special education, including full individual and initial evaluations and independent educational evaluations; and for certain compensatory services costs related to the provision of services to students under the Individuals with Disabilities Education Act;

TEXAS EDUCATION AGENCY
(Continued)

The amounts appropriated in this rider are contingent on enactment of legislation supporting school districts and charter schools by increasing the state share of the Foundation School Program, enhancing district entitlement, reducing recapture, and providing local property tax relief, while maintaining an equitable system of school finance. Legislative priorities addressed in House Bill 3 include teacher compensation, increasing the Basic Allotment and providing additional funding for early childhood education, and students needing special education or other specialized services.

A portion of the amounts appropriated in this rider shall be used to provide local property tax relief. Funds shall be used to enable the compression of local maintenance and operations (M&O) property tax collections, pursuant to the provisions of the legislation, while ensuring school districts do not receive less total state and local funding through the FSP.

The \$9.0 billion in Foundation School Fund No. 193 appropriated in this rider represents new state funding for school districts and charter schools above amounts estimated to fully fund current law.

78. Foundation School Program Estimated Methods of Finance. The Foundation School Program is funded with a sum-certain All Funds appropriation comprising four estimated dedicated revenue streams, and an estimated appropriation of unrestricted General Revenue (Foundation School Fund No. 193) which increases or decreases in response to actual amounts received from the four dedicated revenue streams.

1. **Audit of Base Period Contact Hours.** The hours used in the contact hour base period to fund the Lamar State Colleges are subject to audit for accuracy by the State Auditor according to an audit plan developed in consultation with the Texas Higher Education Coordinating Board, the Legislative Budget Board and community, technical, and state colleges, and the appropriation amounts adjusted accordingly by the Comptroller of Public Accounts at the direction of the Legislative Budget Board. The total amount appropriated to the two year institutions' contact hour formula shall be redistributed to all institutions funded by the formula based on contact hours. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the total contact hour formula appropriations to that institution for the biennium. Adjustments shall be made to appropriated amounts in accordance with adjustments of estimated contact hours to actual certified contact hours, even if the total error rate is less than 2 percent of the total amount appropriated to the institution for the biennium.

2. **Transferability.** The Board of Regents of the Texas State University System is authorized to transfer and utilize funds appropriated to Sul Ross State University and Sul Ross State University-Rio Grande College between the campuses if necessary to accomplish the capital improvement goals of the University.

3. **Governing Board.** Out of the funds appropriated above, an amount not to exceed \$85,000 in each year of the biennium shall be for all expenses associated with the governing board's duties including, but not limited to: travel, entertainment, lodging, and expenses of state employees who provide services for the governing board.

A separate record of the board's expenditures shall be kept and retained in the same manner as the fiscal records of the institution(s) the board governs. No funds may be used for the governing board's expenses except for the specific amounts designated above. Funds appropriated for the governing board's expenses may be used for any other purpose covered by this Act.

4. **Efficient Use of Funds.** It is the intent of the Legislature and consistent with provisions in Subchapters G and Z of Chapter 51 of the Education Code that the Texas State University System and its component institutions utilize the funds available, including the funds appropriated in this act, in the most efficient and cost-effective manner possible.

- 7. Aircraft Pilot Training Programs.** Funds may be used for the operation, maintenance or lease of aircraft for use in the Aircraft Pilot Training programs subject to the requirement that excess costs of flight instruction be recovered by an assessment of charge to student pilots. This income shall be separately accounted for and credited as a reduction in expenditure in the Aircraft Pilot Training Program.
- 8. Approval of Plans by Foundations.** Any use of the Texas State Technical College's assets or facilities including, but not limited to, buildings, equipment or employees by existing foundations or for the promotion of foundations shall require prior approval of the Board of Regents. Approval is contingent upon receipt by the Board of Regents of a satisfactory annual plan of operation. At a minimum, this plan must specify the proposed use of any Texas State Technical College facilities, equipment, and personnel; payments made directly to Texas State Technical College personnel for services provided or expenses incurred; and donations of funds to the Texas State Technical College for designated purposes. All funds donated by foundations to the Texas State Technical College shall be received and accounted for in the same manner as all other Texas State Technical College funds. After Board of Regents approval, the plan shall be filed with the Legislative Budget Board.
- 9. Campus President Salaries.** Out of the funds appropriated to each campus of Texas State Technical College, an amount not to exceed \$63,654 in 2020 and \$63,654 in 2021 may be expended for the salary of a president. All presidents may receive in addition to the above amounts a house, utilities, and/or supplement from private sources. If an institutionally owned house is not available an amount not to exceed \$7,200 per year from the appropriations above, and additional funds from gifts and grants where required, may be provided in lieu of house and utilities.
- 10. Chancellor Salary.** Out of the funds appropriated, transferred, or contracted to the system office, an amount not to exceed \$70,231 in 2020 and \$70,231 in 2021 may be expended for the salary of a chancellor. The chancellor may receive in addition to the above amount a house, utilities, and/or supplement from private sources. If a system owned house is not available an amount not to exceed \$7,200 per year from the system office appropriation and additional funds from gifts and grants where required, may be provided in lieu of house and utilities.
- 11. Returned Value Funding Model for Texas State Technical Colleges.** Funding is recommended for and allocated among Texas State Technical Colleges (TSTCs) based on the additional direct and indirect state tax revenues generated as a result of the education provided to students by the TSTCs. The funding methodology is based on the following components:

 - a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum completion of nine semester credit hours from 2012 and 2013.
 - b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
 - c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
 - d. Values-added by campus were divided into the total TSTC value added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that

TECHNICAL COLLEGE**

recommended adjustments to the formula shall be ready for implementation in the 2022-23 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

- 12. Dual Credit.** It is the intent of the Legislature that the Texas Higher Education Coordinating Board work with Texas State Technical College to develop and recommend to the Eighty-sixth Legislature a new Strategy, separate from Returned-Value Formula Funding, to fund dual credit programs based upon the number of semester credit hours offered in dual credit by Texas State Technical College.

A copy of each budget, and any subsequent amendments thereto, shall be filed with the Legislative Reference Library and the institution's general library to be available for public inspection. Copies of each budget shall also be filed with the Legislative Budget Board, the Governor, and the Texas Higher Education Coordinating Board by December 1 of each fiscal year.
- 2. **Clearing Accounts.** At their option, the institutions may use their local depository bank account in lieu of the special clearing account, authorized by Education Code, §51.008(b), provided that the general requirements set out in therein, for deposits and transfers to the state treasury, are complied with.
- 3. **Revolving Funds.**
 - a. Each institution affected by this section, at its option, is hereby authorized to maintain a revolving fund to facilitate the payment of nominal expenses and to pay bills within cash discount periods. The institutions may use the revolving fund for regular monthly payrolls as well as for weekly and special payrolls. Disbursements from the revolving funds are to be reimbursed from respective items of educational and general appropriation made herein, the Comptroller of Public Accounts being hereby authorized to make such reimbursements on claims filed with her by the institutions under her regularly prescribed procedures except that one voucher and one warrant may cover any number of claims for this purpose. These reimbursement claims shall meet the same requirements as other claims against state appropriations, and each institution shall prepare such a reimbursement claim as at the close of business on the last day of each month and as many times during the month as may be expedient in order to make unnecessary the maintaining of an unreasonably large revolving fund.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

- b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.
 - c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
- 4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.
- 5. **Investment Reports.**
 - a. The governing board of each of the educational institutions named in this Article shall file with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short-term and long-term investment funds, and all other securities transactions, in a method prescribed by the State Auditor's Office. Copies of such reports shall be available for public inspection. In addition to the annual report, each institution shall publish and maintain on its website for at least two years quarterly investment reports in any format it deems appropriate.
 - b. The governing boards of each educational institution named in this Article must adopt formal investment policies. Each governing board shall submit to the Legislative Budget Board and State Auditor's Office a copy of their investment policy by December 31 of each year.
- 6. **Central Services Accounts.**
 - a. Out of funds appropriated in this Article, the governing boards of the university systems and their component units, and institutions of higher education may employ persons to serve two or more parts or component units of the system or institution and may pay their salaries in whole or in part from the informational items of appropriation made herein to any component unit. The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.
 - b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:

- c. Travel expense incurred by a person employed by one unit of an above system or institution in connection with service to the other units may be reimbursed by the unit for which such services are performed or proportionately if more than one such unit is involved.
- 7. **Utility Revolving Funds.** The governing boards of Texas Woman's University, West Texas A&M University, all components of the University of Houston System, Texas State University System, Texas Tech University System, University of North Texas System, and The University of Texas System are authorized to use appropriated funds, except funds expressly identified for salaries, to make payments of debt service and other payments in connection with utility plant revenue bonds and utility plant operation and maintenance expenses, and/or to reimburse any revolving fund now or hereafter established in connection with providing utility services to any building or facility of the college or university, in accordance with the general principles established in Education Code, §55.11, and the creation and maintenance of any such revolving fund is hereby authorized.
- 8. **Appropriation Expenditure Authorization.**
 - a. The educational and general appropriations made in this Act to the general academic teaching institutions, health related institutions, and Texas State Technical College may be expended for the following purposes, including, but not limited to: Instruction; Research; Public Service; Academic Support; Student Services; Institutional Support; Operation and Maintenance of Plant; Scholarships; Staff Benefits; Organized Activities; and Patient Care. Major repairs and rehabilitation of buildings and facilities may be purchased from appropriated funds, but may not be purchased from general revenue funds that are not expressly identified or allocated for such purposes.
 - b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.
- 9. **Tuition Revenue Bonds and Revenue Bonds.** Funds clearly identified in separate informational strategies to the general academic teaching institutions and health sciences centers for revenue or tuition revenue bond retirement may be expended only to reimburse institutions or centers for debt retirement authorized by Education Code §55.17 through §55.17892 and §55.19. Any funds in excess of the amount expended for regularly scheduled principal and interest for debt service reimbursements due each year shall be lapsed to the General Revenue Fund at the end of each fiscal year. Funds may be used for bond and commercial paper debt service payments, which can include principal, interest and fees.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and

STATE AGENCIES OF HIGHER EDUCATION**

adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.
2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2020-21 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision

shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.

2. In addition, The University of Texas Southwestern Medical Center may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six-year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.
4. The University of Texas Health Science Center at Houston may admit up to 25 competitively recruited medical students in each entering class for a specialized program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
5. The Texas A&M University System Health Science Center may admit up to 25 competitively recruited nonresident medical students in each entering class for specialized programs of clinical and research training designed to lead to the MD and MS in Engineering degrees or MD degrees for students from military academies or recipients of military health professions scholarships.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 16. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-sixth Legislature in arriving at formula appropriations for fiscal years 2020 and 2021. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2020 and 2021 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board,

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION (Continued)

Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2020 and 2021 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 17. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 18. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 19. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code §2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 20. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 21. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than March 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

(Continued)

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 24. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

Sec. 26. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

2. **Teaching Experience Supplement.** For the 2020-21 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.52 in fiscal year 2020 and fiscal year 2021.
4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2020. The study committees shall review the expenditure study that is used for the cost matrix above, including determining and reviewing the growth of costs affiliated with higher education and its consequent impact on higher education institutions, and make recommendations for improvements to better reflect the actual expenditures of the institutions. The study committee recommendations shall be forwarded to the Legislative Budget Board along with the recommendations on formulas and supplemental items.

Sec. 27. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of four formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full-time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,692 in fiscal year 2020 and fiscal year 2021:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Biomedical Informatics	1.750
Dental	4.601
Medical	4.753

Instructional programs at remote locations and the main campus at The University of Texas Health Science Center at Tyler with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

2. **Infrastructure Support Formula.** Funding to the health related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.27 in fiscal year 2020 and fiscal year 2021 for all health related institutions.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

3. **Research Funding.** The health related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.22 percent in fiscal year 2020 and fiscal year 2021 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Research at Clinical Partners.** Research conducted by faculty of a health related institution under a contract with a clinical partner shall be considered in the formula calculations for the Research Enhancement and E&G Space Support strategies as defined under Article III, Special Provisions Relating Only To State Agencies of Higher Education, Section 27, subsection (2) Infrastructure Support Formula and Sec. 27, subsection (3) Research Funding.
5. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$11,984 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2020 and fiscal year 2021 are \$5,992 per resident.
6. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
7. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items and hospital and clinic operations.
8. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2020.
9. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
- a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal year 2020 and 2021 shall be based on the number of total Texas cancer patients served in 2018. The rate per patient shall be \$1,697 in fiscal year 2020 and fiscal year 2021 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.4, Chest Disease Center

Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal year 2020 and 2021 shall be based on the number of such cases treated in fiscal year 2018. The rate per case for fiscal year 2020 and 2021 shall be \$189. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.

- c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.
10. **Pilot Program: Mission Specific Support - Performance Based Research Formula.** The University of Texas Southwestern Medical Center has a mission that is research intensive. To enhance research capacity and support expansion of the institution's research operations, additional research formula funding shall be allocated based on the following criteria:
- a. General Revenue Research Operations Formula funding provided to The University of Texas Southwestern Medical Center in Strategy B.1.2, Performance Based Research Operations, shall be based on the institution's average annual research expenditures for the previous three-year period as reported to the Higher Education Coordinating Board. The institution's Performance Based Research Operations strategy shall be expended for the purpose of research operations, expanding research capacity, and pursuing excellence in its research mission. Any unexpended balances as of August 31, 2020, are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2020.

For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium. The Legislative Budget Board shall implement the funding in accordance with this limitation. The mission specific Performance Based Research Operations formula established in this subsection is a pilot formula for the 2020-21 biennium that expires at the end of the fiscal year ending August 31, 2021.

Sec. 28. Optional Retirement Program Differential. Included in the appropriation to institutions of higher education in this Act are general revenue amounts to offset local funds used for the optional retirement program employer contributions between 6.6 percent and 7.31 percent of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995. These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.

Sec. 29. Indirect Cost Recovery Earned by Texas A&M System Agencies. DEPARTMENT OF AGRICULTURE

(Continued)

These appropriations are contingent upon the Department of Agriculture (TDA) assessing fees sufficient to generate revenue to cover the General Revenue appropriations for each strategy as well as the related "other direct and indirect costs". In the event that actual and/or projected revenue collections in strategies above are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to the affected strategy to be within the amount of revenue expected to be available.

- b. TDA shall provide a report to the Comptroller of Public Accounts and the Legislative Budget Board no later than the end of the second business week in March and June (for the second and third quarters) and no later than three business days after the end of the fourth quarter detailing the following information at both the strategy level and individual program activity level:
 - (1) The amount of fee generated revenues collected for each of the cost recovery programs no later than the end of the second business week in March and June (for the second and third quarters) and no later than three business days after the end of the fourth quarter. This information shall be provided in both strategy level detail and individual program detail;
 - (2) A projection of the revenues for each cost recovery program TDA estimates it will collect by the end of the respective fiscal year. This information shall be provided in both strategy level detail and individual program detail;
 - (3) A detailed explanation of the causes and effects of the current and anticipated fluctuations in revenue collections;
 - (4) The amount of expenditures for each of the cost recovery programs; and
 - (5) Any fee changes made during the fiscal year and the anticipated revenue impacts of those changes.

In the event that reported expenditures exceed revenues collected for any cost recovery program, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to the affected strategy by an amount specified by the Legislative Budget Board.

- c. Also, contingent on the generation of such revenue required above to fund TDA's cost recovery programs and related "other direct and indirect costs" TDA's "Number of Full-Time Equivalents" includes 205.1 FTEs in fiscal year 2020 and 205.1 FTEs in fiscal year 2021. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may reduce the FTE cap provided by this Act to reflect the number of FTEs funded by the amount of revenue expected to be available.

25. Texans Feeding Texans (Home Delivered Meals Grant Program). Amounts appropriated above out of the General Revenue Fund in Strategy C.1.2, Nutrition Assistance for at-Risk Children and Adults, include \$8,871,438 in fiscal year 2020 and \$8,871,438 in fiscal year 2021 to fund the Texans Feeding Texans (Home Delivered Meals Grant Program) to defray the costs of providing home-delivered meals to homebound elderly and disabled Texans. The Department of Agriculture may award grants to organizations providing this service that have also received matching funds from the county where meals are served.

26. Appropriation Restriction on Feral Hog Abatement Using Toxic Substances. None of the funds appropriated to the Department of Agriculture in this Act may be used for the implementation of warfarin on feral hogs.

27. Fuel Quality Program Appropriated Receipts. The Appropriated Receipts appropriated above in the Fuel Quality program fees collected for the purpose of routine and complaint driven laboratory analysis of fuel quality samples and for testing, inspection, or performance of other services related to motor fuel pursuant to Texas Agriculture Code, §17.104 may not exceed \$1,172,041 in fiscal year 2020 and \$1,172,041 in fiscal year 2021 (Revenue Object Code: 3015).

In the event that amounts available for distribution are less than the estimated appropriated amount, this Act may not be construed as appropriating funds to make up the difference.

Out of funds appropriated above in Strategy B.1.1, Central Administration, the agency shall report annually the testing performed at the State-Federal Laboratory for TAHC programs and how the testing was deemed more cost effective than utilizing testing services at the TVMDL. The agency shall provide the Legislative Budget Board the annual report regarding laboratory testing within 60 days after the close of each fiscal year.

Furthermore, the TAHC will use funds appropriated by this Act to enter into an interagency memorandum of understanding to work with TVMDL to reduce duplication and ensure that all testing is performed in Texas to the extent possible.

Notwithstanding this provision, in prioritizing sites the TCEQ shall consider the risks associated with all sites requiring remediation and monitoring, as well as the availability of funds. In selecting contractors to perform remediation services at these transferred sites, the Executive Director of the TCEQ may make direct awards to existing contractors who are otherwise eligible for award to ensure that the continued remediation of these sites progresses in the most efficient and cost-effective manner which presents the least risk of disrupting ongoing remediation and monitoring activities.

25. Unexpended Balances from Cost Recovery for Site Remediation and Cleanups. In addition to amounts appropriated above, any unobligated and unexpended balances as of August 31, 2019, (estimated to be \$0), remaining in the Hazardous and Solid Waste Remediation Fee Account No. 550 which were received from responsible parties as cost recovery payments for site remediations and cleanups undertaken by the Commission on Environmental Quality (TCEQ) are appropriated to the TCEQ for the biennium beginning September 1, 2019. The Texas Commission on Environmental Quality (TCEQ) is not authorized to expend any funds appropriated in this Act to implement a rule that would extend 30 Texas Administrative Code, §106.352, Oil and Gas Handling Production Facilities, Rule Project No. 2010-018-106-PR ("Barnett Shale permit by rule") to oil and gas sources located outside the 23-county area of the Barnett Shale identified in subsection (a)(1) of the Barnett Shale permit by rule region ("Barnett Shale Region") until after August 31, 2019 and until after the agency conducts a study and files a report with the Legislature on the economic impact of extending the provisions of the Barnett Shale permit by rule to other areas of the state. Such a study may be funded through (1) grants, awards, or other gifts made to the TCEQ for that purpose; (2) funds directed to this study through supplemental environmental projects; or (3) by the use of the Texas Emissions Reduction Plan funds, as available. The study shall:

Nothing in this rider shall be construed to limit the TCEQ's authority to develop a permit by rule or other authorization for planned maintenance, startup, and shutdown emissions from oil and gas sources located outside the Barnett Shale Region.

28. Expedited Processing of Permit Applications.

- (a) Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.2.1, Air Quality Permitting, is \$1,250,000 in fiscal year 2020 and \$625,000 in fiscal year 2021 from surcharges assessed in accordance with Health and Safety Code, §382.05155 for the expedited processing of air permit applications for the biennium for contract labor, overtime and compensatory pay, or other costs incurred to support the expedited processing of permit applications. The Commission on Environmental Quality (TCEQ) is authorized to compensate employees who perform expedited air permits twice the hourly rate for time worked in excess of their regularly scheduled work hours. For the purposes of the expedited permit process, the TCEQ is exempt from provisions of Article IX relating to the inclusion of temporary or contract workers in the calculation of the number of Full-Time Equivalent (FTE) positions.

3. Appropriation: Federal Funds. All moneys granted to Texas by the federal government for the administration of the Texas Unemployment Compensation Act or which are now on deposit to the credit of any funds maintained by the Comptroller of Public Accounts for the Texas Workforce Commission (TWC), and any moneys received for the credit of such funds are hereby appropriated for the purposes authorized by the provisions of the Texas Unemployment Compensation Act and for the purposes for which such moneys were granted. TWC shall notify the Legislative Budget Board and Governor of any funds and associated staffing received above the amounts appropriated above for the biennium.

4. Section 903, Social Security Act Funds.

- Subject to federal law, out of amounts credited to Texas' account in the Federal Unemployment Trust Fund under §903 of the Social Security Act, there is included in the appropriation above \$5,000,000 in fiscal year 2020 and \$5,000,000 in fiscal year 2021 for withdrawal and use by the Texas Workforce Commission (TWC) for the administration of the Texas Unemployment Compensation Act and its Public Employment Offices and telecenters. Funds may be used to provide necessary office facilities and automated equipment, to include the purchase of land and construction of buildings, and the construction of improvements on property owned by TWC, including the cost of repairs and alterations to such property and the purchase of computers and related peripheral equipment.
- No part of any amounts based on an initial transfer from the federal government that occurred prior to fiscal year 2000 or after fiscal year 2002, appropriated above out of amounts credited to Texas' account in the Federal Unemployment Trust Fund under §903 of the Social Security Act, shall be expended after the close of the period covered by this Act and any unused portion of such amounts shall, at such close, revert to Texas' said account in the Federal Unemployment Trust Fund. The amount obligated pursuant to this Act shall not exceed at any time the amount by which (a) the aggregate of the amounts transferred to the account of this state pursuant to §903 of the Social Security Act exceeds (b) the aggregate of the amounts obligated for administration and paid out for benefits and required by law to be charged against the amounts transferred to the account of this State.
- Should federal requirements concerning amounts made available under §903 of the Social Security Act change after passage of this Act, the appropriation made in this rider shall be subject to such conditions and limitations as required by the changed federal law.

5. Payment of Unemployment Benefits - State Agencies. It is the intent of the Legislature that the Texas Workforce Commission charge the Comptroller of Public Accounts only for unemployment benefits paid based on wages earned from agencies appropriated funds under the General Appropriations Act, and that agencies outside the General Appropriations Act be maintained as individual reimbursing employers. For the purposes of this rider, "agency" includes a state agency as defined under §2151.002, Government Code, which includes an institution of higher education (except a public junior college) as defined under §61.003, Education Code.

6. Reappropriation of Federal and Local Funds. All funds received by the Texas Workforce Commission from counties, cities, federal agencies, and from any other local source during the 2020-21 biennium, and all balances from such sources as of August 31, 2019, are appropriated for the biennium ending August 31, 2021, for the purpose of carrying out the provisions of this Act. Earned federal funds are not considered to be federal funds for the purpose of this section.

7. Unexpended Balances for Child Care Funds. It is the intent of the Legislature that any additional federal funds received as a result of current efforts to obtain child care funds, be used for child care. Except as otherwise provided, all unexpended and unobligated balances in the area of child care remaining from appropriations for the first year of the biennium to the Texas Workforce Commission (TWC) are appropriated to TWC for the purpose of drawing down all available federal funds for child care. TWC may transfer unexpended and unobligated balances of General Revenue appropriations to Strategy A.4.2, At-Risk and Transitional Child Care, in order

TEXAS WORKFORCE COMMISSION

to match available federal child care funds, which are appropriated to TWC. TWC is subject to the requirements of Article IX, Section 13.01, Federal Funds/Block Grants for federal child care funds matched with available General Revenue, and TWC shall notify the Legislative Budget Board (LBB) and the Governor in a timely manner of the amounts of additional General Revenue used as match and the federal child care funds matched in each year of the 2020-21 biennium not later than:

- a. the 30th business day after the date the staff of the LBB concludes its review of the findings of fact and forwards those findings of fact along with the conclusions or comments of the LBB staff to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor; and
- b. within 30 business days by the Governor, prior to drawing down the additional federal funds.

- 8. Maximization of Child Care and Development Funds.** It is the intent of the Legislature that the Texas Workforce Commission (TWC) cooperate with cities, non-profit organizations, the Texas Education Agency, and local school districts to obtain local match necessary to maximize federal funds for child care. In order to maximize the availability of state matching funds for federal child care funds and to encourage local child care planning and match participation, TWC shall use donated purchase agreements and other funding mechanisms, to the extent allowed by federal law and regulations.
- 9. Earned Income Tax Credit Assistance.** Out of funds appropriated above, the Texas Workforce Commission and local workforce development boards shall assist recipients of Temporary Assistance for Needy Families who become employed, and other low-income workers who may qualify for the credit under federal income and other requirements, to apply for the federal Earned Income Tax Credit.

- 11. Job Training Courses.** It is the intent of the Legislature that the primary objective of job training courses offered by the Texas Workforce Commission and local workforce development boards is to prepare individuals for high-skill, high-wage jobs with health benefits that result in long-term employability. Whenever possible, strategies should focus on incorporating industry sectors and/or regional industry clusters in order to promote high quality jobs. While English as a Second Language may provide additional benefit to trainees, it may not be substituted for job training classes.
- 12. Formal Measures Report.** The Texas Workforce Commission shall submit an annual report to the Legislative Budget Board (LBB) and the Governor on agency performance on Formal Measures prescribed by the Texas Workforce Investment Council. The report shall be submitted with the agency's 4th quarterly performance report and must be accompanied by supporting documentation as specified by the LBB and the Governor.
- 13. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than September 1, 2020.

Sec. 3.09. Method of Salary Payments. All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

Sec. 3.10. Exception - Contracts Less Than 12 Months. The Texas Juvenile Justice Department, institutions of higher education, the Texas School for the Deaf, and the Texas School for the Blind and Visually Impaired may pay salaries in equal monthly payments for the term of a contract if the term does not exceed twelve months.

Sec. 3.11. Exceptions for Certain Employees. Employees within the Principals, Teachers, Supervisors, and Coaches title at the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, and Texas Juvenile Justice Department are not subject to the salary administration provisions in Part 3 of this Article.

Sec. 3.13. Matching Retirement and Certain Insurance. In each instance in which an operating fund or account is created and named by statute, the responsible officials of the state may transfer into the operating fund or account sufficient monies from treasury funds, local, institutional, or federal funds to pay proportionally the costs of matching state employees' retirement contributions and the state's share of Old Age and Survivors Insurance.

Part 4. GRANT-MAKING PROVISIONS

Sec. 4.01. Grant Restriction. Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 1701, Occupations Code, unless:

Sec. 4.02. Grants.

- (a) Funds appropriated by this Act for grants of money to be made by state agencies, including the agencies in the legislative branch, are appropriated for the statutory purposes as the grantor agency may specify. A state agency shall distribute grants on a reimbursement or as needed basis unless otherwise provided by statute or otherwise determined by the grantor agency to be necessary for the purposes of the grant.
- (b) Funds appropriated by this Act for grants to be made by a state agency for a particular fiscal year may be distributed in subsequent fiscal years so long as the grant has been awarded and treated as a binding encumbrance by the grantor agency prior to the end of the appropriation year of the funds appropriated for grant purposes. Distribution of the grant funds is subject to §403.071, Government Code.

Sec. 4.03. Grants for Political Polling Prohibited. None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

GRANT-MAKING PROVISIONS

(Continued)

Sec. 4.04. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
 - (1) Parts 2, 3, and 5 of this Article (except there is no requirement for increased salaries for local government employees);
 - (2) §§556.004, 556.005, and 556.006, Government Code; and

Part 5. TRAVEL REGULATIONS

Sec. 5.01. Travel Definitions. The definitions established by §660.002, Government Code, apply to Part 5 of this Article, unless another meaning is clearly provided. In Part 5 of this Article:

- (1) "Council of governments" includes:
 - (A) a council of governments created under Chapter 391, Local Government Code;
 - (B) a regional planning commission created under Chapter 391, Local Government Code; or
 - (C) a regional planning agency created under Chapter 391, Local Government Code.
- (2) "State agency" includes the entities within the definition of §660.002(19), Government Code, that use funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees.

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses indicates the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

Sec. 5.03. Transportation Expenses in Personally Owned or Leased Motor Vehicles. For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.

Sec. 5.04. Transportation in Personally Owned or Leased Aircraft. The rate of reimbursement to be paid to a state employee, key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates issued by the United States General Services Administration as announced by the Comptroller.

However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations issued by the United States General Services Administration.
- (2) Notwithstanding the limit established by Subsection (a)(1), the chief administrator of a state agency or designee of the chief administrator of a state agency may determine that local conditions necessitate a change in the lodging rate for a particular location and establish a higher rate.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with §660.206, Government Code.

Sec. 5.06. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in §5.05 of this Article.

- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

TRAVEL REGULATIONS

Sec. 5.08. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by §2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are specifically authorized by this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.

Part 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Unexpended Balance.

- (a) In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2020, unless another meaning is clearly indicated.
- (b) For any estimated UB appropriated by this Act, should the actual amount of the UB be different than the estimate identified in this Act, the appropriation is adjusted to equal the actual UB, subject to any other restrictions to that appropriation made elsewhere in this Act.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates federal funds, local funds, or funds other than appropriations from the General Revenue Fund but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to

GENERAL LIMITATIONS ON EXPENDITURES

the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.

- (e) This provision is specified pursuant to §10, Article XVI, Texas Constitution.

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
- (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for Retirement and Group Insurance, Social Security and Benefit Replacement Pay, Texas Public Finance Authority-G.O. Bond Debt Service Payments, and Lease-Payments to the Texas Public Finance Authority may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Method of Finance.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in §51.009 (a) and (c), Education Code, shall be proportional to the method of finance except for public and community junior colleges. Any financing sources subject to restrictions that prevent their expenditure on salaries and wages, as directed by legislative intent or established in policies by the Comptroller governing the calculation of benefits proportionality by method of finance, shall not be subject to this proportional requirement.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (b) Funds not subject to this proportionality requirement may include, but are not limited to certain: appropriations for capital purposes, appropriations with salary restrictions, deficiency grant appropriations, emergency appropriations, or statutorily restricted funds that restrict or limit the use of funds to certain programs. The Comptroller shall make the final determination on the exclusion of funds from this proportionality requirement in conjunction with the policies developed under subsection (f) of this section.
- (c) For institutions of higher education, in determining the proportional allocation between the General Revenue Fund and other appropriated funds, an adjustment for local funds benefits shall be made to equitably distribute costs between General Revenue and other appropriated funds.
- (d) If the Comptroller determines that achieving employee benefits proportionality at the time the benefits payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (e) For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds.
- (f) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain policies to provide for the administration of this section.
- (g) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20 following the close of the fiscal year for the salaries, wages, and benefits of the preceding year which ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office.
- (h) State Auditor shall at least biennially review agency and institution compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under this Act. Subject to a risk assessment, the State Auditor shall audit the expenditure transfers and payments for benefits by an agency or institution. The State Auditor shall send the audit report to the Comptroller and the Legislative Budget Board upon completion of the audit, along with any recommendations for changes or refunds. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.
- (i) Should cash balances in appropriated funds prohibit an account or fund from absorbing additional expense related to proportionality requirements, an agency or institution may be allowed to adjust benefit expenses accordingly. An agency or institution must notify the Comptroller and Legislative Budget Board of any requested adjustment. The Comptroller shall make the final determination on the allowance of any benefit expense adjustment but shall ensure General Revenue is reimbursed to the maximum extent possible.
- (j) For institutions of higher education, excluding public community or junior colleges, funds appropriated by this Act may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries and wages are paid from funds not appropriated by this Act.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special or dedicated accounts in the General Revenue Fund (as those terms are defined by §403.001, Government Code) are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.10. Limitation on State Employment Levels.

- (a) (1) A state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution without reporting that use of funds to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following each quarter of the fiscal year.
- (2) A state agency or institution of higher education may not expend funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the lesser of either:
 - (A) one hundred and ten percent (110%) of the FTE figure indicated by this Act for that state agency or institution; or
 - (B) one hundred percent (100%) of the figure indicated by this Act for that state agency or institution plus fifty (50) FTEs.
- (b) A report by a state agency or institution of higher education of exceeding the FTE limitations established by subsection (a)(1) must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:
 - (1) the date on which the board (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) approved the report;
 - (2) a statement justifying the need to exceed or reduce the limitation;
 - (3) the source of funds to be used to pay any additional salaries; and
 - (4) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) For the purpose of Subsections (a) and (b), the number of FTEs employed by a state agency (not including the Texas Historical Commission, an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
 - (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor may provide interpretations of this provision.
- (d) For the purpose of Subsections (a) and (b), the number of FTEs employed by the Texas Historical Commission, State Preservation Board, Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:
 - (1) shall be determined in accordance with the reports filed pursuant to §2052.103, Government Code;

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with funds appropriated through this Act;
 - (4) shall not include overtime hours; and
 - (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor may provide interpretations of this provision.
- (e) This section shall not apply to appropriations made by this Act to the:
- (1) Office of the Governor; or
 - (2) Comptroller.
- (f) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (g) (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment for a project, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
- (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
- (2) With regard to the exemption from the FTE limitations provided by this Subsection (g), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
- (3) This Subsection (g) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
- (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (g).
- (h) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.
- (i) The limitations on FTEs under this section do not apply to a state agency or institution of higher education in an instance of:

Sec. 6.11. Purchases of Postage.

- (a) If the expenditures for postage by an agency, other than the Legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with §2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is appropriated to the agency for postage use.

Sec. 6.12. Expenditures for State-Federal Relations.

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations regarding:
 - (1) the timing of the trip;
 - (2) the purpose of the trip; and
 - (3) the name of a contact person for additional information.
- (c) Under Subsection (b) the term "travel" is limited to only activities:
 - (1) involving obtaining or spending federal funds; or
 - (2) impacting federal policies.

Sec. 6.13. Performance Standards.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.
 - (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.

Sec. 6.14. Bookkeeping Entries. Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is appropriated.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, or "local funds" defined in §51.009, Education Code, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

Sec. 6.17. Consolidated Funds. Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.

Sec. 6.18. Demographic and Statistical Studies. Before expending funds appropriated by the Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State Demographer and the Texas Demographic Center (previously known as the Texas State Data Center) located at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.

Sec. 6.19. Cost Allocations. For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation. These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.20. Use of Appropriations to Contract for Audits.

- (a) Notwithstanding any other law, or other sections of this Act, none of the funds appropriated in this Act shall be used by the agencies or institutions of higher education to enter into a contract with an independent audit entity for audit services, except as specified by this section.
- (b) An agency or institution appropriated funds in this Act may use funds appropriated in this Act to:
 - (1) enter into an interagency contract with the State Auditor's Office (SAO) for the SAO to provide audit services to the agency or institution. At the discretion of the State Auditor and the Legislative Audit Committee, the SAO may conduct the audit or the SAO may enter into a contract with an independent audit entity to conduct the audit; or
 - (2) enter into a contract with an independent audit entity for the provision of audit services pursuant to §321.020, Government Code, if:

- (b) **Statewide Behavioral Health Coordinating Council.** Each agency identified in subsection (a) of this provision, with the exception of Article IV and Article VIII, shall designate an individual to serve as a member of the statewide behavioral health coordinating council, established by Article IX, Section 10.04(b), 2016-17 General Appropriations Act (GAA), Eighty-fourth Legislature, 2015, and may use funds appropriated by this Act to support that council. In addition to the agencies identified in subsection (a) of this provision, the Texas Department of Housing and Community Affairs, and the Texas Workforce Commission shall each designate an individual to serve as a representative on the council. Any other state agency or institution that receives funding in this Act and provides specific behavioral health services may participate in the meetings and discussions of the coordinating council. The Mental Health Statewide Coordinator at the Health and Human Services Commission (HHSC) shall serve as chair of this council. The coordinating council shall meet at least once quarterly during fiscal years 2020 and 2021, or more frequently if determined necessary by the Mental Health Statewide Coordinator at HHSC.

HHSC shall require certain community collaboratives that receive state grant funding to present twice annually on the impact each collaborative has had on project implementation and mental health outcomes on the population served by the grant funding. These community collaboratives shall include community collaboratives as defined by Government Code, Chapter 539; community recipients of a grant for veterans' mental health pursuant to Government Code, Section 531.0092; recipients of a grant through the Mental Health Grant Program for Justice-Involved Individuals; and recipients of a grant through the Community Mental Health Grant Program. It is the intent of the Legislature that these presentations serve as an opportunity to increase collaboration for the effective expenditure of behavioral health funds between state and local entities. No provision of this Act may be construed as granting the statewide behavioral health coordinating council authority over local projects implemented by the collaboratives listed above.

- (c) **Statewide Behavioral Health Strategic Plan.** The purpose of the statewide behavioral health coordinating council shall be to implement the five-year Statewide Behavioral Health Strategic Plan published May 1, 2016 per Article IX, Section 10.04(b), 2016-17 GAA, Eighty-fourth Legislature, 2015. The Statewide Behavioral Health Coordinating Council shall submit an annual report to the Governor, and the Legislative Budget Board including the progress of the strategic plan's implementation no later than December 1 of fiscal years 2020 and 2021. The report shall include coordinating council agency participation and how the strategic plan's implementation serves to coordinate programs and services to eliminate redundancy, utilize best practices in contracting standards, perpetuate identified, successful models for mental health and substance abuse treatment, ensure optimal service delivery, and identify and collect comparable data on results and effectiveness. The coordinating council shall annually update the inventory of behavioral health programs and services. The inventory shall describe how the identified programs, services, initiatives, and expenditures further the goals of the Statewide Behavioral Health Strategic Plan. HHSC shall make available the five-year strategic plan update and the inventory of programs on HHSC's website no later than December 1 of each year.

The Council shall also collaborate with the Board of Pharmacy and the Medical Board to create a sub-plan related to substance abuse. The sub-plan shall include challenges of existing prevention, intervention, and treatment programs, evaluation of substance use disorder prevalence, service ability, gaps in current services, and strategies for working with state agencies to expand treatment capacity.

HEALTH-RELATED PROVISIONS

(Continued)

- (d) **Coordination of Behavioral Health Expenditures.** The coordinating council shall submit to the Executive Commissioner of HHSC for approval a coordinated statewide expenditure proposal for each agency, which shall include the appropriation amounts identified in subsection (a) of this provision. The expenditure proposal shall describe how the identified appropriations at each agency or institution would be spent in accordance with, and to further the goals of the approved statewide behavioral health strategic plan. HHSC shall submit the coordinated statewide behavioral health expenditure proposal to the Legislative Budget Board by September 1, 2019 for fiscal year 2020 and by July 1, 2020 for fiscal year 2021. The plan shall be considered to be approved unless the Legislative Budget Board issues a written disapproval by November 1, 2019 for fiscal year 2020, or by September 1, 2020 for fiscal year 2021.

Notwithstanding any other appropriation authority granted by this Act, the Comptroller of Public Accounts shall not allow the expenditure of General Revenue-Related funds identified in subsection (a) by a particular agency if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the agency's expenditure proposal has not satisfied the requirements of this provision. If fiscal year 2020 or fiscal year 2021 General Revenue-Related funds are used to provide services required by federal law, are related to court-ordered treatment, or required as the result of administrative proceedings, the funding for these services shall still be included in the proposal, but these funds shall not be contingent upon approval.

The coordinated expenditure proposal shall be developed in a format specified by the Legislative Budget Board, and shall, at a minimum, include expenditures related to each program identified in the program inventory required by subsection (c) of this provision, identified by fund type. Behavioral health-related Medicaid expenditures shall also be included as a separate line item for each agency.

Sec. 10.05. Funding for Autism Services. Appropriated elsewhere in this Act for autism services is \$22,476,870 in General Revenue Funds for the 2020-21 biennium, which is allocated to the following agencies for the following purposes:

- (a) Health and Human Services Commission (HHSC): General Revenue Funds totaling \$14,376,870 for the biennium for focused Applied Behavior Analysis (ABA) treatment services.
- (b) Texas Higher Education Coordinating Board (THECB): General Revenue Funds totaling \$8,100,000 for the 2020-21 biennium to distribute to autism research centers at institutions of higher education that currently provide evidence-based behavioral services and training, in the amounts and for the purposes as follows:
 - (1) Parent-directed Treatment: \$2,250,000 per fiscal year to serve 750 children per year;
 - (2) Board-certified Behavioral Analyst (BCBA) Training for Teachers/Paraprofessionals: \$950,000 per fiscal year to serve 2,547 children per year. The research centers may contract with educational service centers to provide this training;

 - (4) Administrative support of the programs in subsections (b)(1) through (b)(3): \$150,000 per fiscal year may be expended by the Higher Education Coordinating Board;
 - (5) If funds appropriated under Subsections (b)(1), (2), or (3) exceed the funds that can be expended in accordance with the requirements of that subsection, the Higher Education Coordinating Board may expend the excess funds on any purpose described in Subsections (b)(1), (2) or (3); and
 - (6) Any unexpended balances on hand at the end of fiscal year 2020 are appropriated for the same purpose for fiscal year 2021.

HEALTH-RELATED PROVISIONS

(Continued)

- (c) THECB shall gather data on the above programs from each institution's autism research center and submit an annual report on the effectiveness of each program, including the number of children served, the number of parents and/or teachers/paraprofessionals trained, and the results of the research on innovative treatment models. The report shall be submitted no later than September 1 of each year to the Legislative Budget Board, Office of the Governor, the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

Sec. 10.06. Cross-Agency Coordination on Healthcare Strategies and Measures.

- (a) Out of funds appropriated elsewhere in this Act, the Health and Human Services Commission shall coordinate with the Department of State Health Services, the Employees Retirement System of Texas, the Texas Department of Criminal Justice, and the Teacher Retirement System to compare healthcare data, including outcome measures, to identify outliers and improvements for efficiency and quality that can be implemented within each healthcare system. To administer the data comparison, HHSC shall expend \$5 million per year with the Center for Healthcare Data at the University of Texas Health Science Center at Houston (UT Data Center) for data analysis, including individual benchmark and progress data for each agency. As applicable, agencies shall collaborate on the development and implementation of potential value-based payment strategies, including opportunities for episode-based bundling and pay for quality initiatives.
- (b) The agencies shall submit a report to the Legislative Budget Board and the Governor no later than September 1, 2020 describing coordination activities, efficiencies identified, individual agency policies and practices that have been improved due to the application of the data, and recommendations on future ways to reduce cost and improve quality of care in each healthcare system.

Sec. 10.07. Cross-agency Collaboration on Value-based Payment Strategies. The Health and Human Services Commission, the Employees Retirement System of Texas, and the Teacher Retirement System shall collaborate on the development and implementation of potential value-based payment strategies, including opportunities for episode-based bundling and pay for quality initiatives. To the extent possible, these agencies shall work toward similar outcome measures.

(Continued)

- (b) An agency may withhold rent payments from the salary of an agency employee. The Comptroller may adopt rules related to withholding of rent payments from salaries.

Sec. 11.03. Statewide Capital Planning.

- (a) An agency or institution of higher education appropriated funds by this Act shall supply to the Bond Review Board capital planning information relating to projects subject to this section and financing options for the 2022-23 fiscal biennium in a format and according to guidelines developed by the Bond Review Board. Such information shall include:
 - (1) a description of the project or acquisition;
 - (2) the cost of the project;
 - (3) the anticipated useful life of the project;
 - (4) the timing of the capital need;
 - (5) a proposed source of funds (method of financing);
 - (6) a proposed type of financing; and
 - (7) any additional related information requested by the Bond Review Board.
- (b) The Bond Review Board shall compile a statewide capital expenditure plan for the 2022-23 fiscal biennium from the information submitted by agencies and institutions in accordance with the capital planning guidelines. Copies of the guidelines shall be filed with the Governor and the Legislative Budget Board no later than December 31, 2019. The Bond Review Board shall file copies of the capital expenditure plan for the period beginning September 1, 2021, with the Governor and the Legislative Budget Board no later than September 1, 2020.
- (c) The statewide capital plan required by this section shall identify the state's capital needs and alternatives to finance these needs. The Bond Review Board shall review input from all state agencies and institutions regarding the agencies' and institutions' current and future capital needs as part of the strategic planning process. The Bond Review Board shall inform the Legislature on the possible budget impact of the capital plan on the state's debt capacity.
- (d) This section applies to each anticipated state project requiring capital expenditures for:

 - (4) major information resources projects estimated to exceed \$1 million.
- (e) The Higher Education Coordinating Board and the Bond Review Board shall eliminate redundant reporting by consolidating this report and the Higher Education Coordinating Board's Master Plan report, to the greatest extent possible.

Sec. 11.04. Efficient Use of State Owned and Leased Space.

- (a) In the event that an agency moves from leased space to state owned space subsequent to the passage of this Act, the Comptroller shall reduce funds appropriated to each affected agency, by an amount equal to the lease costs that would have been incurred for the remainder of the biennium had the agency remained in leased space, less the costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space to state owned space in fiscal year 2019 may be paid from fiscal year 2020 appropriations and costs incurred in 2020 may be paid from fiscal year 2021 appropriations as necessary to facilitate the move. The Comptroller shall transfer to the Texas Facilities Commission from the special funds or accounts, including dedicated General Revenue Fund accounts (as those terms are defined by §403.001, Government Code), of those agencies that move into a state facility

funded from Texas Public Finance Authority revenue bond proceeds, each agency's proportional share of the lease payments made for the facility as determined by the Texas Facilities Commission. The Comptroller shall reduce the amounts appropriated to the Texas Facilities Commission out of the General Revenue Fund for Lease Payments, in the appropriate Article of this Act, by an amount equal to the sum of the transfers from the special funds or accounts. The funds so transferred are appropriated to the Texas Facilities Commission for the purposes of making lease payments to the Texas Public Finance Authority.

- (b) In the event that an agency obtains a lease at a rate lower than existing lease amounts, subsequent to the passage of the Act, the Comptroller shall reduce funds appropriated to each affected agency by an amount equal to the lease costs that would have been incurred for the remainder of the 2020-21 biennium, as determined by the Comptroller. If obtaining a reduced lease rate requires the agency to move its location, the Comptroller shall reduce the agency's appropriations less costs the agency incurs for moving the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space in fiscal year 2020 may be paid from fiscal year 2021 appropriations as necessary to facilitate the move.

Sec. 11.05. State Agency Emergency Leases. It is the intent of the Legislature that all emergency leases held by state agencies be eliminated. To ensure better planning on the part of state agencies and response from the Texas Facilities Commission Leasing Division, state agencies are directed to adhere to the following provisions:

- (a) A state agency that is in an emergency lease agreement on September 1, 2019 shall have its appropriation in each fiscal year in which it is in the emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent.
- (b) At least one year before an agency's lease expires, an agency must notify the Texas Facilities Commission in writing of its intent to renew its existing lease or relocate its offices.
- (c) If an agency fails to notify the Texas Facilities Commission in writing at least one year prior to a lease expiration, and is subsequently forced to initiate an emergency lease agreement, the agency shall have its appropriation in each fiscal year in which it is in an emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent.
- (d) If an agency notifies the Texas Facilities Commission in writing one year prior to a lease expiration in accordance with Chapter 2167, Government Code, and the Texas Facilities Commission fails to renew/initiate a lease agreement for the agency by the lease expiration date, and an agency is forced to initiate an emergency lease agreement, the Texas Facilities Commission shall have its appropriation reduced in each fiscal year in which the affected agency is in an emergency lease agreement by the dollar amount charged to the agency in addition to the agency's base level rent.
- (e) The Comptroller will make all necessary reductions established in this provision each month of an emergency lease agreement. Funds lapsed by agencies for violation of this provision shall be deposited into the fund in the State Treasury from which they were originally appropriated.
- (f) Additionally, the Texas Facilities Commission shall provide quarterly reports to the Legislative Budget Board and the Governor detailing the number of state agencies holding emergency leases, and providing the status on the progress of terminating the emergency lease agreement.
- (g) In addition to the requirements of this section, emergency leases for health and human services agencies are also governed by §2167.004, Government Code.

Sec. 11.06. Prepayment of Annual Lease Costs.

Sec. 11.07. Efficient Use of State Property to House State Facilities. In accordance with Government Code §2167.002, prior to leasing privately owned space, state agencies, or the Texas Facilities Commission on behalf of state agencies, shall identify and prioritize state-owned property with available capacity for relocation, upon expiration of a current lease, or when opening new locations. Agencies shall consider all reasonably available state-owned space, and prioritize utilizing state owned property if cost effective and consistent with the designated use of the property.

Part 12. PROVISIONS RELATED TO PROPERTY

Sec. 12.01. Aircraft.

- (a) Notwithstanding any other provision of this Act, the purchase of aircraft may not be made from appropriated funds except as authorized in this section.

 - (1) Texas A&M University System;
 - (2) Texas Department of Criminal Justice;
 - (3) Texas Department of Transportation;
 - (4) Parks and Wildlife Department;
 - (5) Department of Public Safety of the State of Texas;
 - (6) University of Texas System;
 - (7) Texas State Technical College; and
 - (8) Texas Forest Service.
- (c) Notwithstanding any other provision of this Act, all state-owned aircraft (including aircraft forfeited to or seized by a particular agency) are subject to the authority of the Texas Department of Transportation.
- (d) Expenditure of appropriated funds for replacement of aircraft with aircraft of comparable quality may be made contingent upon approval of the Texas Department of Transportation and a finding of fact by the Governor that a report has been filed with the Governor showing that:
 - (1) the aircraft to be replaced has been destroyed or has deteriorated to an extent that continued operation presents a serious hazard or that the aircraft to be replaced can no longer meet the mission requirements of the principal user state agency; and
 - (2) other state-owned aircraft cannot be effectively utilized in lieu of a replacement aircraft.
- (e) Expenditures necessary to purchase liability insurance pursuant to §2205.045(a), Government Code, shall be made on a pro rata basis, as determined by the Texas Department of Transportation, from appropriations authorized to each agency operating a state-owned aircraft. The Comptroller shall transfer such necessary amounts from agencies operating aircraft to the Texas Department of Transportation for the purchase of liability insurance and expenditure of such funds by the Department is authorized.
- (f) Any reimbursements received by a state agency for authorized aircraft services rendered to another state agency are appropriated to the agency receiving the reimbursements, and shall be credited to the agency's appropriation item from which the cost of aircraft operation is paid.

PROVISIONS RELATED TO PROPERTY

Sec. 12.02. Publication or Sale of Printed, Recorded, or Electronically Produced Matter or Records.

- (a) Funds appropriated by this Act may not be used for the publication, recording, production, or distribution of any item or matter, including lists, notices, pamphlets, video recordings, audio recordings, microfiche, films or other electronically produced information or records unless such publication, recording, or production is:
 - (1) essential to accomplish or achieve a strategy or outcome target established by this Act; or
 - (2) required by law.
- (b) Any funds received and collected from any charges specifically authorized by statute for the productions, publications, or records are appropriated to the agency issuing the productions, publications, or records for use during the year in which the receipts are collected. The Comptroller shall credit such receipts to the like appropriation item from which the original costs are paid.

Sec. 12.03. Limitation on Expenditures for Purchases and Conversions of Alternative Fuel Vehicles. A state agency, including an institution of higher education, that is required to meet the percentage requirements for vehicles capable of using alternative fuels under Chapter 2158, Government Code, may expend funds appropriated by this Act for the purpose of meeting the percentage requirements only if the agency purchases or converts a vehicle that uses the most cost-effective, fuel efficient and mechanically efficient alternative fuel source.

Sec. 12.04. Transfer of Master Lease Purchase Program Payments.

- (a) The Texas Public Finance Authority may transfer each agency's share of administrative fees and lease payments pursuant to the Master Lease Purchase Program from each agency's appropriations made elsewhere in this Act to the Texas Public Finance Authority Master Lease Purchase Program cost of issuance funds and the State Lease Fund Account, respectively. Transfers for administrative fees and lease payments may not be made earlier than 15 days prior to the date that debt service payment is required. The Texas Public Finance Authority may transfer funds necessary for Master Lease Purchase Program debt service payments from the State Lease Fund Account to the Texas Public Finance Authority Master Lease Purchase Program interest and sinking funds.
- (b) The Comptroller shall assist the Texas Public Finance Authority in the transfer of lease payments. State agencies participating in the Master Lease Purchase Program shall cooperate in the timely transfer of lease payments to the Texas Public Finance Authority. The absence of specific Master Lease payment appropriations, identified in an agency's capital budget, does not release an agency from lease payment obligations.

Sec. 12.05. Vehicle Fleet Maintenance and Repair. State agencies and institutions of higher education should use the most cost effective means available to maintain and repair state vehicles, including entering into interagency agreements for services with agencies or institutions of higher education who operate vehicle maintenance shops when feasible. This does not prohibit state agencies or institutions of higher education from receiving services from private vehicle maintenance shops when necessary.

Any such interagency agreement for vehicle maintenance and repair services shall include interagency transfers of funds in an amount to offset any increased costs state-owned maintenance shops may incur from the increase number of vehicles serviced, and shall not restrict the ability of state agencies or institutions of higher education from selecting alternatives for vehicle maintenance and repair services, unless restricted by other law.

Part 13. FEDERAL FUNDS

Sec. 13.01. Federal Funds/Block Grants. Funds received from the United States government by a state agency or institution named in this Act are appropriated to the agency or institution for the purposes for which the federal grant, allocation, aid, payment, or reimbursement was made subject to the provisions of this Act.

FEDERAL FUNDS

(Continued)

Sec. 13.02. Report of Additional Funding.

The agency shall also provide notice of the receipt to the Comptroller and the Chair of the House Select Committee on State and Federal Power and Responsibility.  - (1) include goals, resources, timeframes, and issues critical to program execution;
 - (2) be submitted within 90 days of the date the agency receives a notice of grant award;
 - (3) be prepared in a format specified by the Legislative Budget Board.

Sec. 13.04. Reports to Comptroller. It is the intent of the legislature, that in the event one or more state agencies are awarded, by the United States government, a combined amount greater than or equal to \$1 billion in federal stimulus funds or other one-time allocations appropriated through legislation separate from the annual federal appropriations bills, the Comptroller shall set state reporting standards and time lines, including performance benchmarks, for all affected agencies, including institutions of higher education, that align with any related federal reporting requirements. The Comptroller may recover the cost of this activity pursuant to authority in Government Code, Chapter 771.

Sec. 13.05. Deposit and Expenditure Limitations. Except for an institution of higher education, federal funds:

- (1) including unexpended balances, shall be deposited to and expended from the specific appropriation item identified in this Act; and
- (2) may not be expended for a strategy or function other than a strategy or function that has been reviewed by the Eighty-sixth Legislature and authorized by specific language in this Act or encompassed by an agency's budget structure as established by this Act.

Sec. 13.06. Reimbursements from Federal Funds. As applicable, federal reimbursements received for expenditures previously made or services performed on behalf of federal programs from state funds shall be credited by the Comptroller to the fund from which the expenditure was originally made. The credit shall be to the agency's current appropriation item or accounts from which the expenditures of like character were originally made and are appropriated. Reimbursements received from employee benefits paid from General Revenue Fund appropriations of other administering agencies shall be deposited to the unappropriated General Revenue Fund.

Sec. 13.07. Limitations on Classified Positions.

- (a) A classified position created for administration of federal grant programs shall be phased out upon discontinuance of the particular federal grant for which it was authorized.

FEDERAL FUNDS

(Continued)

Sec. 13.08. Funding Reductions. In the event that federal programs that authorize federal funds included in this Act are eliminated, consolidated, or replaced with new federal programs and funding authorization or block grants, or the federal funds appropriated to agencies are reduced, any reduction or reallocation of federal funds will be distributed across affected agencies and programs to pattern the strategies and programs included in this Act to the extent possible without restricting the state's ability to receive federal funds, in accordance with a plan adopted by the designated single state agency or otherwise by each affected agency. An agency shall provide a copy of the plan to the Legislative Budget Board and the Governor.

Sec. 13.09. Unexpended Balances. Except as provided by §13.10 of this Article IX, any unexpended balances of federal funds existing at the beginning of this biennium or at the end of a fiscal year of this biennium are appropriated for use during this biennium for the original purposes of the appropriation.

Sec. 13.10. Temporary Assistance for Needy Families (TANF), Social Services Block Grant (SSBG), or Child Care and Development Block Grant (CCDBG).

- (a) Notwithstanding §13.01, agencies appropriated Temporary Assistance for Needy Families (TANF), Social Services Block Grant (SSBG), or Child Care and Development Block Grant (CCDBG) Federal Funds elsewhere in this Act may expend any balances of TANF, SSBG, or CCDBG funds that are unobligated and unexpended at the beginning of this biennium from an appropriation made during the previous biennium or any additional TANF, SSBG, or CCDBG federal grants. In addition, the TANF, SSBG, or CCDBG funds appropriated elsewhere in this Act and/or the balance of all available TANF, SSBG, or CCDBG federal funds may be transferred as appropriate by the Single State Agency for TANF, SSBG, or CCDBG, respectively.
- (b) No expenditures under this section may be made without prior approval by the Legislative Budget Board and Governor as provided by Subsection (c).
- (c)
 - (1) To request approval to expend funds under Subsection (b) of this §13.10, the agency or Single State Agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency or Single State Agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the amount of unexpended balance or additional federal grants of TANF, SSBG, or CCDBG funds, a detailed explanation of the purpose and use of the funds, and an estimate of the impact on performance measures and capital budgets. Additional information requested by the Legislative Budget Board or the Governor shall be provided in a timely manner.
 - (2) The request shall be considered to be approved if neither the Legislative Budget Board nor the Governor issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.
- (d) The Comptroller of Public Accounts shall not authorize the expenditure of unexpended balances or additional TANF, SSBG, or CCDBG federal funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 13.11. Definition, Appropriation, Reporting and Audit of Earned Federal Funds.

- (a) **Definition.** Earned Federal Funds (EFF) are defined as all monies received in connection with each entitlement period of a federally funded contract, grant or program, excluding reimbursements under §13.06 of this Article which are not required by the governing agreement to be distributed thereon. Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller.
- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.

- (e)
 - (1) This section does not restrict a state governmental entity in the investigation and assembling of evidence in connection with a pending or prospective civil suit.

Required information includes, but is not limited to: the cost of the contract; the duration of the contract; the reason for the extension of the contract; and a plan to ensure that the contract can be completed within the extension period, signed by the executive director or other similar agency or institution administrator, or designee of the agency or institution.
 - (3) The agency or institution shall ensure, prior to providing notice pursuant to Subsection (e)(2), that all information and documents specified in Article IX, Section 7.12 (d) have been uploaded to the LBB contracts database regardless of whether the information and documents are otherwise required to be uploaded under Article IX, Section 7.12.

- (c) If the results of an assessment performed under Subsection (b) of this section show estimated utility cost savings of at least 10 percent, the state agency shall have the Energy Systems Laboratory at Texas A&M Engineering Experiment Station or another qualified provider prepare a plan for implementation of continuous commissioning or existing building commissioning practices and monitoring of the implementation for the state agency.

ARTICLE XII. SAVINGS CLAUSE

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

ARTICLE XIII. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
