for a representative sample and for sample collection under this
section.

(b) If the results of a preharvest and, if applicable, postharvest test performed on a sample show a delta-9
tetrahydrocannabinol concentration of more than 0.3 percent on a dry weight basis:

(1) the license holder shall dispose of or destroy all plants represented by the sample:

(A) in the manner prescribed by federal law; or

(B) in a manner approved by the department that does not conflict with federal law; or
