13 under Section 481.0755, Health and Safety Code, or an electronic

22 practitioner's instructions to a pharmacist in an emergency.

23 (47) "Official prescription form" means a  
24 prescription form that is used for a Schedule II controlled

3 SECTION 3. Section 481.003(a), Health and Safety Code, is  
4 amended to read as follows:

5 (a) The director may adopt rules to administer and enforce  
6 this chapter, other than Sections [~~481.073,~~] 481.074, 481.075,  
7 481.0755, 481.0756, 481.076, 481.0761, 481.0762, 481.0763,  
8 481.0764, 481.0765, and 481.0766. The board may adopt rules to

10 481.0756, 481.076, 481.0761, 481.0762, 481.0763, 481.0764,  
11 481.0765, and 481.0766.

12 SECTION 4. Section 481.074, Health and Safety Code, is  
13 amended by amending Subsections (b), (c), (e), (f), (g), (h), (k),  
14 and (q) and adding Subsections (b-1) and (b-2) to read as follows:

15 (b) Except in an emergency as defined by board rule under  
16 Subsection (b-1) [~~of the board~~] or as otherwise provided by  
17 [~~Subsection (e) or~~] Section 481.075(j) or (m) or 481.0755, a person  
18 may not dispense or administer a controlled substance [~~listed in~~  
19 ~~Schedule II without a written prescription of a practitioner on an~~  
20 ~~official prescription form or~~] without an electronic prescription  
21 that meets the requirements of and is completed by the practitioner  
22 in accordance with Section 481.075.

23 (b-1) In an emergency as defined by board rule, a person may  
24 dispense or administer a controlled substance [~~listed in Schedule~~  
25 ~~II~~] on the oral or telephonically communicated prescription of a  
26 practitioner. The person who administers or dispenses the  
27 substance shall:

1 (1) if the person is a prescribing practitioner or a  
2 pharmacist, promptly comply with Subsection (c); or

3 (2) if the person is not a prescribing practitioner or  
4 a pharmacist, promptly write the oral or telephonically  
5 communicated prescription and include in the written record of the  
6 prescription the name, address, and Federal Drug Enforcement  
7 Administration number issued for prescribing a controlled  
8 substance in this state of the prescribing practitioner, all  
9 information required to be provided by a practitioner under Section  
10 481.075(e)(1), and all information required to be provided by a  
11 dispensing pharmacist under Section 481.075(e)(2).

12 (b-2) In an emergency described by Subsection (b-1), an  
13 agent designated in writing by a practitioner defined by Section  
14 481.002(39)(A) may communicate a prescription by telephone. A  
15 practitioner who designates a different agent shall designate that  
16 agent in writing and maintain the designation in the same manner in  
17 which the practitioner initially designated an agent under this  
18 subsection. On the request of a pharmacist, a practitioner shall  
19 furnish a copy of the written designation. This subsection does not  
20 relieve a practitioner or the practitioner's designated agent from  
21 the requirement of Subchapter A, Chapter 562, Occupations Code. A  
22 practitioner is personally responsible for the actions of the  
23 designated agent in communicating a prescription to a pharmacist.

24 (c) Not later than the seventh day after the date a  
25 prescribing practitioner authorizes an emergency oral or  
26 telephonically communicated prescription, the prescribing  
27 practitioner shall cause an [~~a written or~~] electronic prescription,

1 completed in the manner required by Section 481.075, to be  
2 delivered to the dispensing pharmacist at the pharmacy where the  
3 prescription was dispensed. ~~[A written prescription may be  
4 delivered in person or by mail. The envelope of a prescription  
5 delivered by mail must be postmarked not later than the seventh day  
6 after the date the prescription was authorized. On receipt of a  
7 written prescription, the dispensing pharmacy shall file the  
8 transcription of the telephonically communicated prescription and  
9 the pharmacy copy and shall send information to the board as  
10 required by Section 481.075.]~~ On receipt of the [an] electronic  
11 prescription, the pharmacist shall annotate the electronic  
12 prescription record with the original authorization and date of the  
13 emergency oral or telephonically communicated prescription.

14 (e) The partial filling of a prescription for a controlled  
15 substance listed in Schedule II is permissible in accordance with  
16 applicable federal law~~[, if the pharmacist is unable to supply the  
17 full quantity called for in a written or electronic prescription or  
18 emergency oral prescription and the pharmacist makes a notation of  
19 the quantity supplied on the face of the written prescription, on  
20 the written record of the emergency oral prescription, or in the  
21 electronic prescription record. The remaining portion of the  
22 prescription may be filled within 72 hours of the first partial  
23 filling; however, if the remaining portion is not or cannot be  
24 filled within the 72-hour period, the pharmacist shall so notify  
25 the prescribing individual practitioner. No further quantity may  
26 be supplied beyond 72 hours without a new prescription].~~

27 (f) A prescription for a Schedule II controlled substance

1 for a patient in a long-term care facility (LTCF) or for a patient  
2 with a medical diagnosis documenting a terminal illness may be  
3 filled in partial quantities to include individual dosage units.  
4 If there is any question about whether a patient may be classified  
5 as having a terminal illness, the pharmacist must contact the  
6 practitioner before partially filling the prescription. Both the  
7 pharmacist and the practitioner have a corresponding  
8 responsibility to assure that the controlled substance is for a  
9 terminally ill patient. The pharmacist must record the  
10 prescription [~~on an official prescription form or~~] in the  
11 electronic prescription record and must indicate [~~on the official~~  
12 ~~prescription form or~~] in the electronic prescription record whether  
13 the patient is "terminally ill" or an "LTCF patient." A  
14 prescription that is partially filled and does not contain the  
15 notation "terminally ill" or "LTCF patient" is considered to have  
16 been filled in violation of this chapter. For each partial filling,  
17 the dispensing pharmacist shall record [~~on the back of the official~~  
18 ~~prescription form or~~] in the electronic prescription record the  
19 date of the partial filling, the quantity dispensed, the remaining  
20 quantity authorized to be dispensed, and the identification of the  
21 dispensing pharmacist. Before any subsequent partial filling, the  
22 pharmacist must determine that the additional partial filling is  
23 necessary. The total quantity of Schedule II controlled substances  
24 dispensed in all partial fillings may not exceed the total quantity  
25 prescribed. Schedule II prescriptions for patients in a long-term  
26 care facility or patients with a medical diagnosis documenting a  
27 terminal illness are valid for a period not to exceed 60 days

1 following the issue date unless sooner terminated by discontinuance  
2 of the medication.

3 (g) A person may not dispense a controlled substance in  
4 Schedule III or IV that is a prescription drug under the Federal  
5 Food, Drug, and Cosmetic Act (21 U.S.C. Section 301 et seq.) without  
6 a [~~written, electronic, oral, or telephonically communicated~~]  
7 prescription of a practitioner defined by Section 481.002(39)(A) or  
8 (D), except that the practitioner may dispense the substance  
9 directly to an ultimate user. A prescription for a controlled  
10 substance listed in Schedule III or IV may not be filled or refilled  
11 later than six months after the date on which the prescription is  
12 issued and may not be refilled more than five times, unless the  
13 prescription is renewed by the practitioner. A prescription under  
14 this subsection must comply with other applicable state and federal  
15 laws.

16 (h) A pharmacist may dispense a controlled substance listed  
17 in Schedule III, IV, or V under a [~~written, electronic, oral, or~~  
18 ~~telephonically communicated~~] prescription issued by a practitioner  
19 defined by Section 481.002(39)(C) [~~and~~] only if the pharmacist  
20 determines that the prescription was issued for a valid medical  
21 purpose and in the course of professional practice. A prescription  
22 described by [~~issued under~~] this subsection may not be filled or  
23 refilled later than six months after the date the prescription is  
24 issued and may not be refilled more than five times, unless the  
25 prescription is renewed by the practitioner.

26 (k) A prescription for a controlled substance must show:

27 (1) the quantity of the substance prescribed:

- 1 (A) [~~numerically, followed by the number written~~  
2 ~~as a word, if the prescription is written,~~  
3 [~~(B)~~] numerically, if the prescription is  
4 electronic; or  
5 (B) [~~(C)~~] if the prescription is communicated  
6 orally or telephonically, as transcribed by the receiving  
7 pharmacist;
- 8 (2) the date of issue;
- 9 (2-a) if the prescription is issued for a Schedule II  
10 controlled substance to be filled at a later date under Subsection  
11 (d-1), the earliest date on which a pharmacy may fill the  
12 prescription;
- 13 (3) the name, address, and date of birth or age of the  
14 patient or, if the controlled substance is prescribed for an  
15 animal, the species of the animal and the name and address of its  
16 owner;
- 17 (4) the name and strength of the controlled substance  
18 prescribed;
- 19 (5) the directions for use of the controlled  
20 substance;
- 21 (6) the intended use of the substance prescribed  
22 unless the practitioner determines the furnishing of this  
23 information is not in the best interest of the patient; and
- 24 (7) the name, address, Federal Drug Enforcement  
25 Administration number, and telephone number of the practitioner at  
26 the practitioner's usual place of business[, ~~which must be legibly~~  
27 ~~printed or stamped on a written prescription, and~~

1           ~~[(8) if the prescription is handwritten, the signature~~  
2 ~~of the prescribing practitioner].~~

3           (q) Each dispensing pharmacist shall send all required  
4 information~~[, including any information required to complete the~~  
5 ~~Schedule III through V prescription forms,]~~ to the board by  
6 electronic transfer or another form approved by the board not later  
7 than the next business day after the date the prescription is  
8 completely filled.

9           SECTION 5. The heading to Section 481.075, Health and  
10 Safety Code, is amended to read as follows:

11           Sec. 481.075. SCHEDULE II PRESCRIPTIONS ~~[OFFICIAL~~

23 SECTION 7. Subchapter C, Chapter 481, Health and Safety

26 Sec. 481.0755. WRITTEN, ORAL, AND TELEPHONICALLY  
27 COMMUNICATED PRESCRIPTIONS. (a) Notwithstanding Sections 481.074

1 and 481.075, a prescription for a controlled substance is not  
2 required to be issued electronically and may be issued in writing if  
3 the prescription is issued:

5 (2) in circumstances in which electronic prescribing  
6 is not available due to temporary technological or electronic  
7 failure, as prescribed by board rule;

8 (3) by a practitioner to be dispensed by a pharmacy  
9 located outside this state, as prescribed by board rule;

10 (4) when the prescriber and dispenser are in the same  
11 location or under the same license;

12 (5) in circumstances in which necessary elements are  
13 not supported by the most recently implemented national data  
14 standard that facilitates electronic prescribing;

15 (6) for a drug for which the United States Food and  
16 Drug Administration requires additional information in the  
17 prescription that is not possible with electronic prescribing;

18 (7) for a non-patient-specific prescription pursuant  
19 to a standing order, approved protocol for drug therapy,  
20 collaborative drug management, or comprehensive medication  
21 management, in response to a public health emergency or in other  
22 circumstances in which the practitioner may issue a  
23 non-patient-specific prescription;

24 (8) for a drug under a research protocol;

25 (9) by a practitioner who has received a waiver under  
26 Section 481.0756 from the requirement to use electronic

2 the present ability to submit an electronic prescription but  
3 reasonably determines that it would be impractical for the patient  
4 to obtain the drugs prescribed under the electronic prescription in  
5 a timely manner and that a delay would adversely impact the  
6 patient's medical condition.

7           (b) A dispensing pharmacist who receives a controlled  
8 substance prescription in a manner other than electronically is not  
9 required to verify that the prescription is exempt from the  
10 requirement that it be submitted electronically. The pharmacist  
11 may dispense a controlled substance pursuant to an otherwise valid  
12 written, oral, or telephonically communicated prescription  
13 consistent with the requirements of this subchapter.

1       (f) The board by rule shall authorize a practitioner to  
2 determine whether it is necessary to obtain a particular patient  
3 identification number and to provide that number on the official  
4 prescription form.

5       (g) On request of a practitioner, the board shall issue  
6 official prescription forms to the practitioner for a fee covering  
7 the actual cost of printing, processing, and mailing the forms.  
8 Before mailing or otherwise delivering prescription forms to a  
9 practitioner, the board shall print on each form the number of the  
10 form and any other information the board determines is necessary.

11       (h) Each official prescription form must be sequentially  
12 numbered.

13       (i) A person may not obtain an official prescription form  
14 unless the person is a practitioner as defined by Section  
15 481.002(39)(A) or an institutional practitioner.

16       (j) Not more than one Schedule II prescription may be  
17 recorded on an official prescription form.

18       (k) Not later than the 30th day after the date a  
19 practitioner's Federal Drug Enforcement Administration number or  
20 license to practice has been denied, suspended, canceled,  
21 surrendered, or revoked, the practitioner shall return to the board  
22 all official prescription forms in the practitioner's possession  
23 that have not been used for prescriptions.

24       (l) Each prescribing practitioner:

25               (1) may use an official prescription form only to  
26 submit a prescription described by Subsection (a);

27               (2) shall date or sign an official prescription form

1 only on the date the prescription is issued; and

2 (3) shall take reasonable precautionary measures to  
3 ensure that an official prescription form issued to the  
4 practitioner is not used by another person to violate this  
5 subchapter or a rule adopted under this subchapter.

6 (m) In the case of an emergency oral or telephonically  
7 communicated prescription described by Section 481.074(b-1), the  
8 prescribing practitioner shall give the dispensing pharmacy the  
9 information needed to complete the official prescription form if  
10 the pharmacy is not required to use the electronic prescription  
11 record.

12 (n) Each dispensing pharmacist receiving an oral or  
13 telephonically communicated prescription under Subsection (m)  
14 shall:

15 (1) fill in on the official prescription form each  
16 item of information given orally to the dispensing pharmacy under  
17 Subsection (m) and the date the prescription is filled and fill in  
18 the dispensing pharmacist's signature;

20 least two years:

21 (A) the official prescription form; and

22 (B) the name or other patient identification  
23 required by Section 481.074(m) or (n); and

24 (3) send all required information, including any  
25 information required to complete an official prescription form, to  
26 the board by electronic transfer or another form approved by the  
27 board not later than the next business day after the date the

1 prescription is completely filled.

2 Sec. 481.0756. WAIVERS FROM ELECTRONIC PRESCRIBING. (a)  
3 The appropriate regulatory agency that issued the license,  
4 certification, or registration to a prescriber is authorized to  
5 grant a prescriber a waiver from the electronic prescribing  
6 requirement under the provisions of this section.

7 (b) The board shall convene an interagency workgroup that  
8 includes representatives of each regulatory agency that issues a  
9 license, certification, or registration to a prescriber.

10 (c) The work group described by Subsection (b) shall  
11 establish recommendations and standards for circumstances in which  
12 a waiver from the electronic prescribing requirement is appropriate  
13 and a process under which a prescriber may request and receive a  
14 waiver.

15 (d) The board shall adopt rules establishing the  
16 eligibility for a waiver, including:

- 17 (1) economic hardship;  
18 (2) technological limitations not reasonably within  
19 the control of the prescriber; or  
20 (3) other exceptional circumstances demonstrated by  
21 the prescriber.

22 (e) Each regulatory agency that issues a license,  
23 certification, or registration to a prescriber shall adopt rules  
24 for the granting of waivers consistent with the board rules adopted  
25 under Subsection (d).

26 (f) A waiver may be issued to a prescriber for a period of  
27 one year. On expiration of the waiver, the prescriber may reapply

1 for a waiver if the circumstances that necessitated the waiver  
2 continue.

3 SECTION 8. Sections 481.0761(c) and (d), Health and Safety  
4 Code, are amended to read as follows:

5 (c) The board by rule may:

6 (1) ~~[permit more than one prescription to be~~

10 multiple prescriptions of a Schedule II controlled substance under  
11 Section 481.074(d-1);

12 (2) remove from or return to the official prescription  
13 program any aspect of a practitioner's or pharmacist's hospital
