25 rules adopted by the executive commissioner of the Health and Human  
26 Services Commission to implement those sections.

27 SUBCHAPTER C. GENERAL FINANCIAL PROVISIONS

1       Sec. 298E.101. HEARING. (a) In each year that the board of  
2 a district authorizes a program under this chapter, the board shall  
3 hold a public hearing on the amounts of any mandatory payments that  
4 the board intends to require during the year and how the revenue  
5 derived from those payments is to be spent.

6       (b) Not later than the fifth day before the date of the  
7 hearing required under Subsection (a), the board shall publish  
8 notice of the hearing in a newspaper of general circulation in the  
9 district and provide written notice of the hearing to each  
10 institutional health care provider located in the district.

11       Sec. 298E.102. DEPOSITORY. (a) If the board of a district  
12 requires a mandatory payment authorized under this chapter, the  
13 board shall designate one or more banks as a depository for the  
14 district's local provider participation fund.

15       (b) All funds collected by a district under this chapter  
16 shall be secured in the manner provided for securing other funds of  
17 the district.

18       Sec. 298E.103. LOCAL PROVIDER PARTICIPATION FUND;  
19 AUTHORIZED USES OF MONEY. (a) If a district requires a mandatory  
20 payment authorized under this chapter, the district shall create a  
21 local provider participation fund.

22       (b) A district's local provider participation fund consists  
23 of:

24               (1) all revenue received by the district attributable  
25 to mandatory payments authorized under this chapter;

26               (2) money received from the Health and Human Services  
27 Commission as a refund of an intergovernmental transfer under the

1 program, provided that the intergovernmental transfer does not  
2 receive a federal matching payment; and

3 (3) the earnings of the fund.

4 (c) Money deposited to the local provider participation  
5 fund of a district may be used only to:

6 (1) fund intergovernmental transfers from the  
7 district to the state to provide the nonfederal share of Medicaid  
8 payments for:

9 (A) uncompensated care payments to nonpublic  
10 hospitals affiliated with the district, if those payments are  
11 authorized under the Texas Healthcare Transformation and Quality  
12 Improvement Program waiver issued under Section 1115 of the federal  
13 Social Security Act (42 U.S.C. Section 1315);

14 (B) uniform rate enhancements for nonpublic  
15 hospitals in the Medicaid managed care service area in which the  
16 district is located;

17 (C) payments available under another waiver  
18 program authorizing payments that are substantially similar to  
19 Medicaid payments to nonpublic hospitals described by Paragraph (A)  
20 or (B); or

21 (D) any reimbursement to nonpublic hospitals for  
22 which federal matching funds are available;

23 (2) subject to Section 298E.151(d), pay the  
24 administrative expenses of the district in administering the  
25 program, including collateralization of deposits;

26 (3) refund a mandatory payment collected in error from  
27 a paying provider;

1           (4) refund to paying providers a proportionate share  
2 of the money that the district:

3           (A) receives from the Health and Human Services  
4 Commission that is not used to fund the nonfederal share of Medicaid  
5 supplemental payment program payments; or

6           (B) determines cannot be used to fund the  
7 nonfederal share of Medicaid supplemental payment program  
8 payments;

9           (5) transfer funds to the Health and Human Services  
10 Commission if the district is legally required to transfer the  
11 funds to address a disallowance of federal matching funds with  
12 respect to programs for which the district made intergovernmental  
13 transfers described by Subdivision (1); and

14           (6) reimburse the district if the district is required  
15 by the rules governing the uniform rate enhancement program  
16 described by Subdivision (1)(B) to incur an expense or forego  
17 Medicaid reimbursements from the state because the balance of the  
18 local provider participation fund is not sufficient to fund that  
19 rate enhancement program.

20           (d) Money in the local provider participation fund of a  
21 district may not be commingled with other district funds.

22           (e) Notwithstanding any other provision of this chapter,  
23 with respect to an intergovernmental transfer of funds described by  
24 Subsection (c)(1) made by a district, any funds received by the  
25 state, district, or other entity as a result of that transfer may  
26 not be used by the state, district, or any other entity to:

27           (1) expand Medicaid eligibility under the Patient

1 Protection and Affordable Care Act (Pub. L. No. 111-148) as amended  
2 by the Health Care and Education Reconciliation Act of 2010 (Pub. L.  
3 No. 111-152); or

4 (2) fund the nonfederal share of payments to nonpublic  
5 hospitals available through the delivery system reform incentive  
6 payment program.

7 SUBCHAPTER D. MANDATORY PAYMENTS

8 Sec. 298E.151. MANDATORY PAYMENTS BASED ON PAYING PROVIDER  
9 NET PATIENT REVENUE. (a) Except as provided by Subsection (e), if  
10 the board of a district authorizes a health care provider  
11 participation program under this chapter, the board may require an  
12 annual mandatory payment to be assessed on the net patient revenue  
13 of each institutional health care provider located in the district.  
14 The board may provide for the mandatory payment to be assessed  
15 quarterly. In the first year in which the mandatory payment is  
16 required, the mandatory payment is assessed on the net patient  
17 revenue of an institutional health care provider as determined by  
18 the data reported to the Department of State Health Services under  
19 Sections 311.032 and 311.033 in the most recent fiscal year for  
20 which that data was reported. If the institutional health care  
21 provider did not report any data under those sections, the  
22 provider's net patient revenue is the amount of that revenue as  
23 contained in the provider's Medicare cost report submitted for the  
24 previous fiscal year or for the closest subsequent fiscal year for  
25 which the provider submitted the Medicare cost report. If the  
26 mandatory payment is required, the district shall update the amount  
27 of the mandatory payment on an annual basis.

1       (b) The amount of a mandatory payment assessed under this  
2 chapter by the board of a district must be uniformly proportionate  
3 with the amount of net patient revenue generated by each paying  
4 provider in the district as permitted under federal law. A health  
5 care provider participation program authorized under this chapter  
6 may not hold harmless any institutional health care provider  
7 located in the district, as required under 42 U.S.C. Section  
8 1396b(w).

9       (c) If the board of a district requires a mandatory payment  
10 authorized under this chapter, the board shall set the amount of the  
11 mandatory payment, subject to the limitations of this chapter. The  
12 aggregate amount of the mandatory payments required of all paying  
13 providers in the district may not exceed six percent of the  
14 aggregate net patient revenue from hospital services provided by  
15 all paying providers in the district.

16       (d) Subject to Subsection (c), if the board of a district  
17 requires a mandatory payment authorized under this chapter, the  
18 board shall set the mandatory payments in amounts that in the  
19 aggregate will generate sufficient revenue to cover the  
20 administrative expenses of the district for activities under this  
21 chapter and to fund an intergovernmental transfer described by  
22 Section 298E.103(c)(1). The annual amount of revenue from  
23 mandatory payments that shall be paid for administrative expenses  
24 by the district is \$150,000, plus the cost of collateralization of  
25 deposits, regardless of actual expenses.

26       (e) A paying provider may not add a mandatory payment  
27 required under this section as a surcharge to a patient.

1       (f) A mandatory payment assessed under this chapter is not a  
2 tax for hospital purposes for purposes of Section 4, Article IX,  
3 Texas Constitution, or Section 281.045 of this code.

4       Sec. 298E.152. ASSESSMENT AND COLLECTION OF MANDATORY  
5 PAYMENTS. (a) A district may designate an official of the district  
6 or contract with another person to assess and collect the mandatory  
7 payments authorized under this chapter.

8       (b) The person charged by the district with the assessment  
9 and collection of mandatory payments shall charge and deduct from  
10 the mandatory payments collected for the district a collection fee  
11 in an amount not to exceed the person's usual and customary charges  
12 for like services.

13       (c) If the person charged with the assessment and collection  
14 of mandatory payments is an official of the district, any revenue  
15 from a collection fee charged under Subsection (b) shall be  
16 deposited in the district general fund and, if appropriate, shall  
17 be reported as fees of the district.

18       Sec. 298E.153. PURPOSE; CORRECTION OF INVALID PROVISION OR  
19 PROCEDURE; LIMITATION OF AUTHORITY. (a) The purpose of this chapter  
20 is to authorize a district to establish a program to enable the  
21 district to collect mandatory payments from institutional health  
22 care providers to fund the nonfederal share of a Medicaid  
23 supplemental payment program or the Medicaid managed care rate  
24 enhancements for nonpublic hospitals to support the provision of  
25 health care by institutional health care providers located in the  
26 district to district residents in need of health care.

27       (b) This chapter does not authorize a district to collect

1 mandatory payments for the purpose of raising general revenue or  
2 any amount in excess of the amount reasonably necessary to fund the  
3 nonfederal share of a Medicaid supplemental payment program or  
4 Medicaid managed care rate enhancements for nonpublic hospitals and  
5 to cover the administrative expenses of the district associated  
6 with activities under this chapter.

7 (c) To the extent any provision or procedure under this  
8 chapter causes a mandatory payment authorized under this chapter to  
9 be ineligible for federal matching funds, the board of a district  
10 may provide by rule for an alternative provision or procedure that  
11 conforms to the requirements of the federal Centers for Medicare  
12 and Medicaid Services. A rule adopted under this section may not  
13 create, impose, or materially expand the legal or financial  
14 liability or responsibility of the district or an institutional  
15 health care provider in the district beyond the provisions of this  
16 chapter. This section does not require the board to adopt a rule.

17 (d) A district may only assess and collect a mandatory  
18 payment authorized under this chapter if a waiver program, uniform  
19 rate enhancement, or reimbursement described by Section  
20 298E.103(c)(1) is available to the district.

21 SECTION 2. If before implementing any provision of this Act  
22 a state agency determines that a waiver or authorization from a  
23 federal agency is necessary for implementation of that provision,  
24 the agency affected by the provision shall request the waiver or  
25 authorization and may delay implementing that provision until the  
26 waiver or authorization is granted.

27 SECTION 3. This Act takes effect immediately if it receives

H.B. No. 3649

1 a vote of two-thirds of all the members elected to each house, as  
2 provided by Section 39, Article III, Texas Constitution. If this  
3 Act does not receive the vote necessary for immediate effect, this  
4 Act takes effect September 1, 2019.
