(b) The commission, on its own motion or on the petition of an electric utility, shall allow the electric utility to recover reasonable and necessary costs incurred in connection with activities under Section 39.1516.

SECTION 2. Section 39.002, Utilities Code, is amended to read as follows:

Sec. 39.002. APPLICABILITY. If there is a conflict between the specific provisions of this chapter and any other provisions of this title, except for
Chapters 40 and 41, the provisions of this chapter control.

SECTION 3. Subchapter D, Chapter 39, Utilities Code, is amended by adding Section 39.1516 to read as follows:

(e) The cybersecurity monitor shall operate under the supervision and oversight of the commission.

(f) The commission shall adopt rules as necessary to implement this section and may enforce the provisions of this
section in the manner provided by this title. This section does not grant enforcement authority to the cybersecurity monitor or authorize the commission to delegate the commission's enforcement authority to the cybersecurity monitor. This section does not grant enforcement authority to the commission beyond authority explicitly provided for in this title.

(g) The staff of the cybersecurity monitor may communicate with commission staff about any cybersecurity information without restriction. Commission staff shall maintain the confidentiality of the cybersecurity information. Notwithstanding any other law, commission staff may not disclose information obtained under this section in an open meeting or through a response to a public information request.

(h) Information written, produced, collected, assembled, or maintained under Subsection (b), (c), or (g) is confidential and not subject to disclosure under Chapter 552, Government Code.
