SUBCHAPTER B. STANDARD WEIGHTS AND MEASURES FOR MOTOR FUEL

METERING DEVICES

Sec. 2310.051. LEGAL STANDARDS. (a) The legal standard
for the weight or measure of a motor fuel in this state is the
standard weight or measure adopted and used by the government of the
United States for that motor fuel. If the United States does not
provide a standard weight or measure for a motor fuel, the standard
for that motor fuel is that established by this subchapter.

(b) The commission may adopt rules for the purpose of
administering this subchapter and bringing about uniformity
between the standards established under this subchapter and the
standards established by federal law.

(c) Except as otherwise provided by an express contract, a
contract for work or sales by weight or measure of a motor fuel
shall be construed in accordance with the standards of this
subchapter.

(d) The standards of this subchapter shall be the guide for
making any adjustment of weighing or measuring devices under the
law of this state.

Sec. 2310.052. STANDARD FOR LIQUID CAPACITY. (a) The
standard unit of measure of capacity for liquids is the gallon.

(b) Except as provided by Subsections (c) and (d), all other measures of capacity for liquids are derived from the gallon by continual division by two, making half gallons, quarts, pints, half-pints, and gills.

(c) A mechanism or machine that is adapted to measure and deliver liquid by volume and that indicates fractional parts of a gallon shall indicate the fractional parts either in terms of binary submultiple subdivisions or in terms of tenths of a gallon.

(d) For purposes of the retail sale of motor fuel only, the liquid gallon contains 231 cubic inches without adjustment based on the temperature of the liquid.

Sec. 2310.053. EXEMPTION OF WEIGHING OR MEASURING DEVICES.

(a) The commission by rule may exempt a motor fuel metering device from a requirement established by this chapter if the commission determines that imposing or enforcing the requirement:

(1) is not cost-effective for the department;
(2) is not feasible with current resources or standards; or
(3) will not substantially benefit or protect consumers.

(b) A motor fuel metering device is exempt from the requirements of this chapter if the motor fuel metering device is not used to:

(1) calculate the amount of fuel sold in a commercial transaction; or
(2) compute the charge for service.
Sec. 2310.054. SALE OF MOTOR FUEL BY PROPER MEASURE.
(a) Except as otherwise provided by this section, motor fuel shall be sold by liquid measure.
(b) A person violates this chapter if, in violation of this section, the person sells motor fuel by other than liquid measure.

Sec. 2310.055. PRICE ADVERTISEMENT; MISREPRESENTATION OF PRICE OR QUANTITY. (a) If a price sign, card, tag, poster, or other advertisement displaying the price of motor fuel includes a whole number and a fraction, the figures in the fraction shall be of proportionate size and legibility to those of the whole number.
(b) A person violates this chapter if the person:
(1) misrepresents the price of motor fuel sold or offered or exposed for sale; or
(2) represents the price or the quantity of motor fuel sold or offered or exposed for sale in a manner intended or tending to mislead or deceive an actual or prospective customer.

Sec. 2310.056. FALSE REPRESENTATION OF MOTOR FUEL QUANTITY. A person violates this chapter if the person or the person's servant or agent:
(1) sells or offers or exposes for sale a quantity of motor fuel that is less than the quantity the person represents; or
(2) as a buyer furnishing the weight or measure of a motor fuel by which the amount of the motor fuel is determined, takes or attempts to take more than the quantity the person represents.

Sec. 2310.057. USE OF INCORRECT MOTOR FUEL METERING DEVICE. (a) A person commits an offense if the person or the person's...
representative or agent knowingly uses an incorrect measuring device in:

(1) buying or selling motor fuel;
(2) computing a charge for services rendered on the basis of measure; or
(3) determining the measure of motor fuel, if a charge is made for the determination.

(b) For the purpose of this section, a measuring device is incorrect if it:

(1) does not conform as closely as practicable to the official standard;
(2) is not accurate;
(3) is of a construction that is not reasonably permanent in adjustment or does not correctly repeat its indications;
(4) facilitates the perpetration of fraud; or
(5) does not conform to the specifications and tolerances established by the department under Section 2310.108.

Sec. 2310.058. SALE OF MOTOR FUEL IN VIOLATION OF SUBCHAPTER. A person violates this chapter if the person or the person's representative or agent sells or keeps, offers, or exposes for sale motor fuel in violation of this subchapter.

Sec. 2310.059. TESTING BY DEPARTMENT. (a) The department shall from time to time measure an amount of motor fuel that is kept or offered for sale, sold, or in the process of delivery, in order to determine:

(1) if the motor fuel is of the amount or quantity
represented; or

(2) if the motor fuel is being offered for sale or sold in accordance with law.

(b) If the department finds that any lot of motor fuel contains less of the motor fuel than the amount represented, the department may seize the motor fuel as evidence.

(c) A person commits an offense if the person or the person's employee or agent refuses to exhibit motor fuel being sold or offered for sale at a given weight or quantity, or ordinarily sold in that manner, to the department for testing and proving as to quantity.

Sec. 2310.060. STOP-SALE ORDER. (a) If the department has reason to believe that motor fuel is being sold or kept, offered, or exposed for sale in violation of this chapter or that motor fuel is being sold or offered for sale by or through the use of a motor fuel metering device that is in violation of this chapter, the department may issue and enforce a written or printed order to stop the sale of the motor fuel. The department shall present the order to the owner or custodian of the motor fuel or seller of the motor fuel. The person receiving the order may not sell the motor fuel or provide the service until discharged by a court under Subsection (b) or until the commission finds that the motor fuel or motor fuel metering device is in compliance with this chapter.

(b) The owner or custodian of motor fuel or a person selling or offering for sale a service prohibited from sale by an order of the department is entitled to sue in a court of competent jurisdiction where the motor fuel is found or the service is being...
sold or offered for sale for a judgment as to the justification of
the order and for the discharge of the motor fuel in accordance with
the findings of the court.

(c) This section does not limit the right of the department
to proceed as authorized by other sections of this code.

Sec. 2310.061. PENALTIES; DEFENSE. (a) An offense under
Section 2310.057 or 2310.059 is a Class C misdemeanor.

(b) It is a defense to prosecution or to the imposition of a
civil or administrative penalty for a violation of Section 2310.111
or 2310.056 that a discrepancy between the actual volume at the time
of sale to a consumer or a discrepancy between the fill of a
container and the capacity of the container is due to unavoidable
leakage, shrinkage, evaporation, waste, or causes beyond the
control of the seller acting in good faith.

SUBCHAPTER C. INSPECTION AND REGISTRATION OF MOTOR FUEL METERING
DEVICES

Sec. 2310.101. AUTHORITY TO INSPECT. (a) If the
department has reason to believe that a motor fuel metering device
is being used for a commercial transaction and the device is not
registered with the department, the department may inspect the
device and the records of the owner, operator, or user of the device
that relate to use of the device to determine whether the device is
in compliance with this chapter.

(b) The department has reason to believe a motor fuel
metering device is being used for a commercial transaction if:

(1) the motor fuel metering device is found in close
proximity to motor fuel being sold or offered for sale by measure
and the device appears to be under the control or in the possession
of the person selling the motor fuel or offering the motor fuel for
sale; or

(2) other available evidence is sufficient for a
prudent person to believe that the motor fuel metering device is
being used for a commercial transaction.

Sec. 2310.105. REPAIR OR DESTRUCTION OF INCORRECT MOTOR
FUEL METERING DEVICES. (a) If, in the judgment of the department,
a motor fuel metering device found to be incorrect is not capable of
being repaired, the department may condemn, seize, and destroy the
device.

(b) If, in the judgment of the department, an incorrect
motor fuel metering device is capable of being repaired, the
department shall place on the device a tag or other mark with the
words "Out of Order." The owner or user of the motor fuel metering
device may not use it until it is reinspected and released for use
by the department or inspected and released for use in any other
manner authorized by commission rule.

(c) The owner, operator, or user of a motor fuel metering
device may not destroy, replace, or otherwise dispose of a device
declared to be incorrect or condemned under this section except as
provided by department rule.

Sec. 2310.106. TESTS FOR STATE INSTITUTIONS. As requested
by the comptroller or the governing body of a state institution, the
department shall test each motor fuel metering device used by a
state institution for any purpose, including a motor fuel metering
device used in checking the receipt and distribution of supplies.
The department shall report results of the test to the chairman of the governing body of the institution.

Sec. 2310.107. STANDARDS USED IN INSPECTION. (a) The standards of weights and measures maintained by the department and certified by the National Institute of Standards and Technology or a metrology laboratory certified by the National Institute of Standards and Technology are the state's standards by which all state and local standards of weights and measures are tried, authenticated, proved, and certified.

(b) The department shall maintain the primary standards in a safe and suitable place in the offices of the department. The standards may not be moved except for repairs or certification. The department shall maintain the standards in good order and shall submit them to the National Institute of Standards and Technology or to a laboratory approved by the National Institute of Standards and Technology for certification at least once every 10 years.

(c) In addition to the standards kept by the state, the department shall maintain a complete set of copies of the original standards for use in adjusting local standards or in the performance of other official duties. The department may purchase additional sets of standards as necessary for use by a department inspector or other department personnel.

(d) At the request of a city, the department shall furnish the city with copies of the state's standards or test and approve other standards acquired by the city. The city shall reimburse the state for the actual cost of the standards furnished, plus the costs of freight and certification. All standards furnished to or tested
for a city shall be true and correct and certified by the department. The copies used by a city may be of any suitable material or construction that the city requests, subject to approval by the department.

(e) The department, or a metrology laboratory certified by the National Institute of Standards and Technology and approved by the department, shall inspect and correct the standards used by a department inspector, other department employee, or individual or business licensed by the department to perform device maintenance activities under Subchapter D, or an individual or business licensed under Subchapter I, Chapter 13, Agriculture Code.

(f) The commission may adopt rules to regulate the frequency and place of inspection and correction of the standards used by an individual or business licensed by the department to perform device maintenance activities under Subchapter D or an individual or business licensed under Subchapter I, Chapter 13, Agriculture Code.

(g) The department may inspect any standard used by an individual or business licensed by the department to perform device maintenance activities described by Subchapter D or an individual or business licensed under Subchapter I, Chapter 13, Agriculture Code, if the department has reason to believe a standard is no longer in compliance with this chapter.

(h) The department shall keep a record of the inspection and character of standards inspected under this section.

Sec. 2310.108. TOLERANCES. Specifications and tolerances for motor fuel metering devices shall be the same as those recommended by the National Institute of Standards and Technology.
Sec. 2310.109. FEES. (a) The commission by rule shall establish fees in amounts reasonable and necessary to cover the cost of administering this chapter.

(b) Notwithstanding any other law, the department may not in a state fiscal biennium increase a fee under Subsection (a) for a motor fuel metering device by an amount that exceeds 10 percent of the amount of the fee at the end of the preceding state fiscal year.

Sec. 2310.110. REFUSING TO ALLOW TEST OF MOTOR FUEL METERING DEVICE. (a) A person commits an offense if the person refuses to allow a motor fuel metering device under the person's control or in the person's possession to be inspected, tested, or examined by the department, and the inspection, test, or examination is required or authorized by this chapter.

(b) A person commits an offense if the person hinders or obstructs in any way the department, a department inspector, or other department personnel in the performance of official duties.

(c) A person commits an offense if the person removes or obliterates a tag or device placed or required by the department to be placed on a motor fuel metering device under this chapter.

Sec. 2310.111. SALE OR USE OF INCORRECT MOTOR FUEL METERING DEVICE. (a) The department may condemn and prohibit the sale or distribution of any incorrect motor fuel metering device that is sold, offered for sale, or about to be sold in this state.

(b) A person commits an offense if the person or the person's servant or agent knowingly:

(1) offers or exposes for sale, hire, or award or sells an incorrect motor fuel metering device;
(2) possesses an incorrect motor fuel metering device;

or

(3) sells, offers for sale, uses, or possesses for the purpose of sale or use a device or instrument to be used to falsify or intended to falsify a weight or measure.

Sec. 2310.112. DISPOSING OF CONDEMNED MOTOR FUEL METERING DEVICE. A person commits an offense if the person or the person's servant or agent disposes of a motor fuel metering device condemned under Section 2310.105 or 2310.111 in a manner contrary to those sections.
