

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 86TH LEGISLATIVE REGULAR SESSION

April 8, 2019

TO: Honorable Charles Perry, Chair, Senate Committee on Water & Rural Affairs

FROM: John McGeady, Assistant Director Sarah Keyton, Assistant Director
Legislative Budget Board

IN RE: HB807 by Larson (Relating to the state and regional water planning process.), **As Engrossed**

<p>No significant fiscal implication to the State is anticipated.</p>
--

The bill would amend the Water Code to require the Texas Water Development Board (TWDB) to appoint a planning council consisting of one member from each regional water planning group during each five-year planning cycle prior to the adoption of a new state water plan. The bill would also add several new requirements to the development of regional water plans, including identification of unnecessary or counterproductive variations in drought response strategies, assessment of the potential for aquifer storage and recovery projects to meet significant water needs identified in a planning area, and providing specific goals of per capita water use for municipal water groups.

Based on the analysis of TWDB, duties and responsibilities associated with implementing the provisions of the bill could be accomplished using existing resources.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
