Fiscal Analysis

The bill would amend the Government Code as it relates to the amount of the health care services fee paid by certain incarcerated individuals. The bill would reduce the offender health care services fee for initiating a visit with a health care provider from \$100 annually to \$15 per visit.

The bill would also repeal Government Code, Section 501.063(a)(2), which establishes that the offender health care fee covers all offender initiated visits to a health care provider until the first anniversary of the imposition of the fee. The bill would take effect September 1, 2019.

Methodology

According to the Comptroller of Public Accounts (CPA), the 2020-21 Biennial Revenue Estimate projects \$2.0 million per year in General Revenue collections for inmate fees for health care under current law. Based on information from the Texas Department of Criminal Justice (TDCJ), it is estimated that collections under the provisions of the bill would be \$2,215,000 per year. The bill would therefore result in an annual revenue gain of \$215,000.

Local Government Impact

No fiscal implication to units of local government is anticipated.
