IN RE: HB909 by Huberty (Relating to best management practices for aggregate production operations.), **As Introduced**

No significant fiscal implication to the State is anticipated.

The bill would amend the Water Code to require the Texas Commission on Environmental Quality (TCEQ) to adopt best management practices for aggregate production operations and to make them available on the TCEQ website. Based on the analysis of TCEQ, it is assumed that duties and responsibilities associated with implementing the provisions of the bill could be absorbed with existing resources.

Local Government Impact

No fiscal implication to units of local government is anticipated.
