

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 86TH LEGISLATIVE REGULAR SESSION

March 4, 2019

TO: Honorable Chris Turner, Chair, House Committee on Higher Education

FROM: John McGeady, Assistant Director Sarah Keyton, Assistant Director
Legislative Budget Board

IN RE: HB1065 by Ashby (Relating to the establishment of a rural resident physician grant program.), **As Introduced**

Estimated Two-year Net Impact to General Revenue Related Funds for HB1065, As Introduced: a negative impact of (\$1,123,494) through the biennium ending August 31, 2021.

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

General Revenue-Related Funds, Five-Year Impact:

Fiscal Year	Probable Net Positive/(Negative) Impact to General Revenue Related Funds
2020	(\$583,549)
2021	(\$539,945)
2022	(\$547,445)
2023	(\$539,945)
2024	(\$547,445)

All Funds, Five-Year Impact:

Fiscal Year	Probable Savings/(Cost) from General Revenue Fund
2020	(\$583,549)
2021	(\$539,945)
2022	(\$547,445)
2023	(\$539,945)
2024	(\$547,445)

Fiscal Year	Change in Number of State Employees from FY 2019
2020	1.0
2021	0.5
2022	0.5
2023	0.5
2024	0.5

Fiscal Analysis

The bill would require the Texas Higher Education Coordinating Board (THECB) to establish and administer the Rural Resident Physician Grant Program as a competitive grant program to encourage the creation of new graduate medical education positions in rural and nonmetropolitan areas. The bill would require THECB to award grants to new or expanded physician residency programs at teaching hospitals and other appropriate health care entities as defined in the provisions of the bill. The bill would require THECB to establish criteria for the grant program in consultation with one or more physicians.

Under the provisions of the bill, all grant funds awarded under the program could only be used to pay direct costs associated with creating or maintaining a residency position, including the salary of the resident physician. The bill would require THECB to monitor the physician residency program receiving a grant to ensure compliance with the grant program. For any residency program that fails to comply with the rules of the grant program, the bill would require the return of any unused grant money by a residency program or for THECB to decline additional grants to that program.

The bill would require the Board to establish the grant program no later than October 1, 2019, and to begin to award grants under the program no later than January 1, 2020.

Methodology

Based on information provided by THECB regarding similar grant programs for graduate medical education, it is assumed that beginning in fiscal year 2020, the agency would award two grants, at \$250,000 per grant, to support operational and financial planning, accreditation, and infrastructure needs for the new graduate medical education programs. It is assumed that once the programs are operational, future residency costs would be supported by the Graduate Medical Education Expansion Program administered by the agency.

Costs associated with this grant program are scalable and could vary from this estimate depending on the total number of awards provided and the value of each award.

Based on information provided by THECB, administrative costs associated with the new program, including salaries, wages, benefits, and other expenses, are estimated to range from \$83,549 in fiscal year 2020 to \$47,445 in fiscal year 2023.

Local Government Impact

No fiscal implication to units of local government is anticipated.
