April 18, 2019

TO: Honorable Brian Birdwell, Chair, Senate Committee on Natural Resources & Economic Development

FROM: John McGeady, Assistant Director Sarah Keyton, Assistant Director
Legislative Budget Board

IN RE: HB1953 by Thompson, Ed (Relating to the conversion of plastics and other recoverable materials through pyrolysis or gasification.), **As Engrossed**

No significant fiscal implication to the State is anticipated.

The bill would require the Texas Commission on Environmental Quality to change how it considers post-use polymers and recoverable feedstock recycling as these items relate to the regulation of solid waste. Based on information provided by the Texas Commission on Environmental Quality and the Railroad Commission, it is assumed that duties and responsibilities associated with implementing the provisions of the bill could be absorbed with existing resources.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
