

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 86TH LEGISLATIVE REGULAR SESSION

March 29, 2019

TO: Honorable Drew Springer, Chair, House Committee on Agriculture & Livestock

FROM: John McGeady, Assistant Director Sarah Keyton, Assistant Director
Legislative Budget Board

IN RE: HB2670 by Guillen (Relating to the regulation of beekeeping; authorizing fees.), **As Introduced**

No significant fiscal implication to the State is anticipated.

The bill would amend the Agriculture Code to create a permit for interstate transit of bees in place of the current permit required to import bees into the state and to move bees within the state. The bill would repeal the requirement for a permit for intrastate shipment of bees. The chief apiary inspector at Texas A&M AgriLife Research would be required to charge a fee for each permit, and the fee would be set at an amount sufficient to cover the cost of administering the permit process. The permit would expire on August 31 after the date the permit was issued. Texas A&M AgriLife Research has indicated it could accomplish the provisions of the bill with existing resources. The Comptroller has indicated that the revenue implications of the bill are indeterminate because the permit fee would be set by Texas A&M AgriLife Research and the amount of that fee is unknown at this time.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
