2020	(\$42,000)

All Funds, Five-Year Impact:

2020	(\$42,000)
2021	(\$42,000)
2022	(\$42,000)
2023	(\$42,000)
2024	(\$42,000)

Fiscal Analysis

The bill would amend the Health and Safety Code to exempt certain satellite offices of chemical dependency treatment facilities from licensing requirements.

The bill would take effect September 1, 2019.

Methodology

The Health and Human Services Commission indicates that 676 satellite offices would no longer be required to pay a license fee of \$125 every two years under the provisions of the bill. According to the Comptroller of Public Accounts, this would lead to a loss of \$42,000 in General Revenue for each fiscal year.

Local Government Impact

No fiscal implication to units of local government is anticipated.
