

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 86TH LEGISLATIVE REGULAR SESSION

April 20, 2019

TO: Honorable Dan Huberty, Chair, House Committee on Public Education

FROM: John McGeady, Assistant Director Sarah Keyton, Assistant Director
Legislative Budget Board

IN RE: HB4383 by Bohac (Relating to a reporting requirement for public schools regarding instructional materials and technology.), **As Introduced**

No significant fiscal implication to the State is anticipated.

It is assumed that the provisions of the bill relating to reporting requirements for public schools regarding instructional materials and technology could be absorbed using existing resources.

Local Government Impact

The bill would require that each school district and charter school prepare a list of instructional materials provided to students that cover each TEKS element. This list would be part of an existing annual certification that each school district and charter school is required provide the State Board of Education and Commissioner of Education related to instructional materials. School districts and charter schools could see increased costs associated with complying with the expanded reporting requirements under the bill.
