**IN RE:** **SB483** by Campbell (Relating to permits for certain injection wells that transect a portion of the Edwards Aquifer.), **As Engrossed**

--

The bill would amend Texas Water Code to allow the Texas Commission on Environmental Quality (TCEQ), under certain circumstances, to issue a permit for the injection of fresh water into a well that transects the Edwards Aquifer that is within the external boundaries of the Barton Springs-Edwards Aquifer Conservations District. The bill would take effect immediately upon a two-thirds vote, or on September 1, 2019.

Based on the analysis of TCEQ and the Railroad Commission, duties and responsibilities associated with implementing the provisions of the bill could be accomplished using existing resources.

**Local Government Impact**

No fiscal implication to units of local government is anticipated.
