Mass Violence Prevention & Community Safety

Texas House of Representatives

Public Input

This is to report that the civil unrest even effects rural areas of Texas. I live in the country – Hays County and first my flagpole and flagpole holder were stolen along with a “Trump 2020” flag from private property.

I purchased a new banner and mounted it further back on my property and again, it was stolen. The sheriff has a report on each occurrence.

Respectfully submitted,

John S. Carter
