FRISCO
INDEPENDENT SCHOOL DISTRICT

Interim Charge 2: Evaluate the effectiveness of the Technology and Instructional Materials Allotment (TIMA) in providing districts the resources necessary to equip students with instructional materials and technology, including in review all programs and initiatives funded by set asides from TIMA.

The Technology and Instructional Materials Allotment (TIMA) has proven very effective in providing resources that are necessary to equip students with the tools they need to be successful. Frisco ISD are grateful for the support, especially with the advent of COVID and the mandate to provide virtual instruction.

Frisco ISD has used TIMA funds toward all of the online software the District is currently using to provide virtual instruction, several new textbooks and consumables, digital library licenses, software and hardware for the ESL program, online tutorials and science lab materials. Below is a comprehensive list of materials purchased with TIMA.

SEPTEMBER 2019 - AUGUST 2020		
CONTENT AREA	PUBLISHER / VENDOR	MATERIALS
All Content	Edgenuity	Digital Libraries Site License
All Core	Lead4ward	k-12 Field guides
All Core	Edgenuity	MS Site License
All Core	Apex Learning	Online Access
