### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The United States Census Bureau has delayed delivery of the 2020 redistricting data to the states. As a result of this delay, S.B. 13 gives the legislature an opportunity to carry out its redistricting duty using census data by adjusting the timeline for the 2022 election cycle to allow additional time for legislative action.

The bill does this by setting new dates for the candidate-filing period, primary election, and primary runoff election in the 2022 election cycle based on when the legislature completes redistricting. The bill also allows the secretary of state to set other election dates and deadlines to the extent necessary for the efficient administration of the election cycle.

As proposed, S.B. 13 amends current law relating to dates of certain elections to be held in 2022.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
