Dear Speaker Phelan:

Enclosure

**HB 3029, as Filed by Representative Dennis Paul
Texas Commission on Environmental Quality's Comments**

The Legislative Budget Board, in cooperation with the Texas Water Development Board (TWDB) and the Texas Commission on Environmental Quality (TCEQ), has determined that:

This bill creates Gulf Coast Protection District (District) with the powers and duties under Local Government Code Chapter 571.

Comments on Powers/Duties Different from Similar Types of Districts: The bill states that the district may not be required to conduct a management audit under Chapter 292, Title 30, Texas Administrative Code. The bill states that the District must hold an election in the manner provided by Chapter 49, Water Code, to obtain voter approval before the District may impose an ad valorem tax or issue bonds payable from ad valorem taxes. If the bill does not receive a two-thirds vote of all members elected to each house, the District may not exercise the power of eminent domain.

Overlapping Services: TCEQ does not have mapping information for water and/or wastewater providers because this function was transferred from the TCEQ to the Public Utility Commission on September 1, 2014. As a result, TCEQ is unaware of possible overlapping service providers.

TCEQ's Supervision: As with general law districts, the TCEQ will have general supervisory authority, including bond review authority and review of financial reports.
