HOUSE OF REPRESENTATIVES

FLOOR AMENDMENT NO. \_\_\_\_\_

BY: A. Johnson of Harris

Amend CSSB 1 as follows:

1) In Article II of the bill, amend Rider 40 as follows

40. Primary Care and Specialty Care Provisions

(a) **Consent for Services.**

- (1) No state funds appropriated above for Medicaid Family Planning or for the Family Planning Program in Strategy D.1.1, Women's Health Programs, may be expended by the Health and Human Services Commission (HHSC) to dispense prescription drugs to minors without parental consent unless the minor has one or more dependents and the prescription drug is an FDA approved contraceptive drug. An exemption shall be allowed for non-parents and minors pursuant to Family Code Chapter 32.
- (2) HHSC may distribute funds for medical, dental, psychological, or surgical treatment provided to a minor only if consent to treatment is obtained pursuant to Family Code Chapter 32. In the event that compliance with this subsection would result in the loss of Federal Funds to the state, HHSC may modify, or suspend this subsection to the extent necessary to prevent such loss of funds, provided that 45-day prior notification is provided to the Governor and the Legislative Budget Board.

**(b) Services Providers: Limitations.** No funds appropriated above may be expended by HHSC on the following:

- (1) To compensate providers for the Breast and Cervical Cancer Services Program in Strategy D.1.1, Women's Health Programs, that would be ineligible to participate pursuant to 15 Texas Administrative Code § 392.607. If HHSC is unable to locate a sufficient number of eligible providers offering services in a permanent setting in a certain region, the

agency may compensate other local providers for the provision of breast and cervical cancer screening services; and

- (2) To contract with providers for the Primary Health Care Program in Strategy D.1.11, Community Primary Care Services, that would be ineligible to participate pursuant to Health and Safety Code § 31.006.

**(c) Allocation of Funds for Family Planning Services.** HHSC shall allocate funds appropriated above in Strategy D.1.1, Women's Health Programs, for the Family Planning Program, using a methodology that prioritizes distribution and reallocation to first award public entities that provide family planning services, including state, county, local community health clinics, Federally Qualified Health Centers, and clinics under the Baylor College of Medicine; secondly, non-public entities that provide comprehensive primary and preventative care as a part of their family planning services; and thirdly, non-public entities that provide family planning services but do not provide comprehensive primary and preventative care. HHSC shall in compliance with federal law ensure the distribution and allocation methodology for funds in Strategy D.1.1, Women's Health Programs, for the Family Planning Program, does not severely limit or eliminate access to services to any region. Out of funds appropriated above in Strategy D.1.1, Women's Health Programs, for the Family Planning Program, up to \$1,000,000 each fiscal year may be allocated to clinics for core family planning services provided under the auspices of Baylor College of Medicine.
