### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Concerns have been raised regarding the recent actions of individuals who have entered several agricultural facilities without the consent of the facility owner or operator in an effort to gain attention and promote themselves, which has resulted in damage and destruction to livestock and facilities. Additionally, there is concern that these actions pose a threat to the safety of Texans' food supply with respect to disease and contamination. Producers in Senator Kolkhorst's district reached out to the senator to address these concerns—there was a trespass at a poultry facility in our district. The trespassers broke in but were back on public land (the roadside) before law enforcement arrived, and avoided trespassing charges. H.B. 1480 seeks to address these concerns and provide for the protection of animal and crop facilities and the creation of a criminal offense.

This bill is the same as S.B. 1884 passed by the Texas Senate 31-0 in the 86th Legislature.

#### Key Provisions

- Creates an offense for a person who:
  - intentionally releases, steals, destroys, or otherwise causes the loss of an animal or crop from an animal or crop facility without the consent of the animal's or facility's owner or operator;
  - damages, vandalizes, or steals any property on or from an animal or crop facility;
  - breaks and enters into an animal or crop facility with the intent to destroy or alter records, data, materials, equipment, animals, or crops;
  - knowingly obtains control by theft or deception or exerts unauthorized control over any materials, equipment, animals, or crops of an animal or crop facility for the purpose of depriving the facility's owner or operator or the facility of materials, equipment, animals, or crops; or
  - enters or remains on an animal or crop facility with the intent to commit any of this prohibited conduct.
- Requires the court to order a defendant convicted of an offense under the bill's provisions to pay restitution to the owner or operator of the animal or crop facility in an amount equal to the amount of the loss caused by the actor, including the value of any animal or crop damaged, destroyed, or lost.
- Authorizes the owner or operator of an animal or crop facility to bring an action for injunctive relief against a person who engages or threatens to engage in conduct that constitutes an offense under the bill's provisions and establishes venue for the action in a district court in a county in which any part of the conduct or threatened conduct occurs.

H.B. 1480 amends current law relating to the protection of animal and crop facilities and creates a criminal offense.
