### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

While federal Medicaid regulations generally prohibit incarcerated individuals from receiving coverage, there is an inpatient exception under which an inmate's inpatient stay at a qualifying medical institution may be covered by Medicaid. Under this exception, the state has used Medicaid dollars to pay for inpatient stays for pregnant women and children in the care of the Texas Department of Criminal Justice. However, the state Medicaid plan does not currently allow Medicaid dollars to be used to pay for inpatient stays for juveniles placed in a juvenile facility. H.B. 1664 seeks to remedy this issue and save taxpayer dollars by requiring that Medicaid coverage be reinstated for a child in a juvenile facility during an inpatient stay at a medical facility.

H.B. 1664 amends current law relating to the reinstatement of eligibility for medical assistance of certain children placed in juvenile facilities.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to the executive commissioner of the Health and Human Services Commission in SECTION 2 (Section 32.0264, Human Resources Code) of this bill.

### **SECTION BY SECTION ANALYSIS**

Requires the executive commissioner of HHSC to adopt rules necessary to implement this subsection, including rules governing the procedure for reinstating a child's eligibility for medical assistance under this subsection.

SECTION 3. Requires a state agency, if necessary for implementation of a provision of this Act, to request a waiver or authorization from a federal agency, and authorizes delay of implementation until such a waiver or authorization is granted.
