AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

H.B. 2025 amends the Government Code to require a governmental entity to recognize and act on a published federal decennial census report or count on the later of either of the following dates:

- September 1 of the year after the calendar year during which the census was taken; or
- the first day of the first calendar month occurring after the 150th day after the date of publication.

H.B. 2025 provides that the population figures from the 2010 federal census continue to apply with respect to a statute that applies to a political subdivision having a certain population according to the most recent federal census until September 1, 2023. The bill specifies that a statute does not apply to a political subdivision to which the statute did not apply under the 2010 federal census, regardless of whether the subdivision has the population prescribed by the statute according to the 2020 federal census.

H.B. 2025 amends current law relating to certain statutes and governmental actions that relate to the federal census.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
