By: Burns  
Transportation  
Committee Report (Unamended)

### **BACKGROUND AND PURPOSE**

Concerns have been raised regarding the operation of commercial motor vehicles in the city of Cleburne. It has been noted that police officers in Cleburne do not have the authority to enforce commercial motor vehicle standards, which creates safety risks for all motorists in the city. H.B. 4087 seeks to remedy this situation by making Cleburne police officers eligible to apply for certification to enforce these standards.

### **CRIMINAL JUSTICE IMPACT**

It is the committee's opinion that this bill does not expressly create a criminal offense, increase the punishment for an existing criminal offense or category of offenses, or change the eligibility of a person for community supervision, parole, or mandatory supervision.

### **RULEMAKING AUTHORITY**

It is the committee's opinion that this bill does not expressly grant any additional rulemaking authority to a state officer, department, agency, or institution.
