### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

While state law charges local elected officials with funding and operating jails, the Texas Commission on Jail Standards sets and enforces minimum standards to help ensure these facilities are safe and secure, regardless of their varying sizes, operations, and available resources. The agency is subject to abolishment under the Sunset Act on September 1, 2021, unless continued by the legislature.

The Sunset Advisory Commission found the agency remains necessary and recommends continuing it for 12 years. However, the Sunset Commission also identified areas in which the agency has not kept pace with dynamic jail environments and recommends the agency update its standards development process to clarify vague requirements and account for jails' different risks. The Sunset Commission also recommends the agency adjust inspection, enforcement, and complaint procedures to mitigate inconsistencies across jails and incentivize prompt, sustained compliance with state standards. Finally, the Sunset Commission found the agency needs to improve its data collection and analysis practices to increase efficiency for staff and transparency for taxpayers.

S.B. 710 amends current law relating to the continuation and functions of the Commission on Jail Standards.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to the Texas Commission on Jail Standards in SECTION 3 (Section 511.0071, Government Code), SECTION 5 (Section 511.0081, Government Code), SECTION 9 (Section 511.00902, Government Code), and SECTION 10 (Section 511.0145, Government Code) of this bill.
