### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

In Texas, quitclaims negatively impact the chain of title in perpetuity. Texas law does not provide good faith purchaser status for grantees (those receiving the property) for value with no actual or constructive notice of any outside interests or claims to the property if a quitclaim deed appears in the chain of title. According to case law, the existence of a quitclaim in the property records serves as notice of potential additional claims on the property not only for the initial grantee, but also for subsequent transferees.

Texas courts are increasingly construing instruments as quitclaims based on interpretation of certain phrases despite the document appearing to be a deed conveying title. This judicial characterization can blur the lines between quitclaims and conveyances resulting in the purpose of the recording system to foster certainty about status of ownership of real property being diluted.

S.B. 885 seeks to create certainty by providing a statute of limitations for quitclaims in the chain of title that establishes good faith purchaser status for subsequent transferees that take the property without additional or actual notice of unrecorded matters.
