AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The 85th Legislature passed S.B. 1199, permitting Texas consumers to purchase a depreciation member benefit program from their auto dealer. This product is an optional membership benefit where the consumer becomes a member of a particular auto group or dealer. In event of total loss, a benefit of a specified dollar amount applies towards the purchase of a new vehicle.

The intent of S.B. 1199 was to allow this benefit to be purchased through any means, including a finance agreement, lease, or cash payment. However, the language in S.B. 1199 was unintentionally silent on the purchase of the benefit program through a cash transaction or a lease agreement. S.B. 1080 clarifies that this benefit program applies to all depreciation member benefit program purchases including lease agreements, financing, and cash transactions.

S.B. 1080 amends Sections 1304.003(a)(2) and (3), Occupations Code, to enable Texans to purchase a depreciation member benefit program from their auto dealer through a finance agreement, lease, or cash payment.

As proposed, S.B. 1080 amends current law relating to service contracts for leased or purchased motor vehicles.
