(3) if the grant recipient fails to meet the terms and
conditions of the contract, the institute may terminate the
contract using the written process prescribed in the contract and
require the recipient to repay to this state the grant money awarded
under Subchapter E and any related interest applicable under the
contract at the agreed rate and on the agreed terms.

(b) The oversight committee shall adopt rules to administer
this section.

Sec. 157.256. PATENT ROYALTIES AND LICENSE REVENUES. (a)
The oversight committee shall establish standards requiring all
grant awards to be subject to an intellectual property agreement
that allows this state to collect royalties, income, and other
benefits, including interest or proceeds resulting from securities
and equity ownership, realized as a result of projects undertaken
with money awarded under Subchapter E. The oversight committee may
exempt state agencies and public institutions of higher education
from the standards.

(b) In determining this state's interest in any
intellectual property rights and revenue sharing, the oversight
committee shall balance the opportunity of this state to benefit
from the patents, royalties, licenses, and other benefits that
result from basic research, therapy development, and clinical
trials with the need to ensure that essential medical research is
not unreasonably hindered by the intellectual property agreement
and that the agreement does not unreasonably remove the incentive
on the part of the individual researcher, research team, or
institution.

(c) The oversight committee may transfer its management and
disposition authority over this state's interest in securities,
equities, royalties, income, and other benefits realized as a
result of projects undertaken with money awarded under Subchapter E to the Texas Treasury Safekeeping Trust Company. If the oversight committee transfers management and disposition authority to the trust company, the company has all powers necessary to accomplish the purposes of this section.

(d) In managing the assets described by Subsection (c), subject to restrictions that the Texas Treasury Safekeeping Trust Company considers appropriate, the trust company may acquire, exchange, sell, supervise, manage, or retain any kind of investment that a prudent investor, exercising reasonable care, skill, and caution, would acquire, exchange, sell, or retain in light of the purposes, terms, distribution requirements, and other circumstances then prevailing pertinent to each investment, including the requirements prescribed by Subsection (b) and the purposes described by Section 157.002. The trust company may charge a fee to recover the reasonable and necessary costs incurred in managing assets under this section.

Sec. 157.257. PREFERENCE FOR TEXAS SUPPLIERS. In a good faith effort to achieve a goal of more than 50 percent of purchases from suppliers in this state, the oversight committee shall establish standards to ensure that grant recipients purchase goods and services from suppliers in this state to the extent reasonably possible.

Sec. 157.258. HISTORICALLY UNDERUTILIZED BUSINESSES. The oversight committee shall establish standards to ensure that grant recipients purchase goods and services from historically underutilized businesses as defined by Section 2161.001.
Government Code, and any other applicable state law.

Sec. 157.259. GRANT COMPLIANCE AND PROGRESS EVALUATION.

(a) The oversight committee shall require as a condition of a grant awarded under this chapter that the grant recipient submit to regular reviews of the grant project by institute staff to ensure compliance with the terms of the grant and to ensure ongoing progress, including the scientific merit of the research.

(b) The institute shall establish and implement a grant compliance and progress review process under this section that includes reporting requirements to ensure each grant recipient complies with the terms and conditions of a grant contract. The chief executive officer may terminate grants that do not meet contractual obligations.

(c) The chief executive officer shall report at least annually to the oversight committee on the progress and continued merit of the projects awarded grants by the institute.

(d) The institute shall implement a system to:

1. track the dates grant recipient reports are due and are received by the institute; and

2. monitor the status of any required report not timely submitted to the institute by a grant recipient.

(e) The chief compliance officer shall monitor compliance with this section and shall inquire into and monitor the status of any required report not timely submitted to the institute by a grant recipient. The chief compliance officer shall notify the general counsel for the institute and the oversight committee of a grant recipient that has not complied with the reporting requirements or
provisions of the grant contract to allow the institute to begin
suspension or termination of the grant contract. This subsection
does not limit other remedies available under the grant contract.

Sec. 157.260. MEDICAL AND RESEARCH ETHICS. Any project
that is awarded a grant under this chapter must comply with all
applicable federal and state laws regarding the conduct of the
research or prevention project.

(c) The institute shall post on the institute's Internet website records that pertain specifically to any gift, grant, or other consideration provided to the institute, an institute employee, or a member of the oversight committee, in the employee's or oversight committee member's official capacity. The posted information must include each donor's name and the amount and date of the donation.

(b) The institute shall establish a compliance program that operates under the direction of the institute's chief compliance officer. The institute may establish procedures, including a
telephone hotline, to all private access to the compliance program 
office and to preserve the confidentiality of communications and 
the anonymity of a person making a compliance report or 
participating in a compliance investigation.

(c) The following information is confidential and not 
subject to disclosure under Chapter 552, Government Code:

program;

(2) information that directly or indirectly reveals 
the identity of an individual who is alleged to have or may have 
planned, initiated, or participated in activities that are the 
subject of a report made to the office if, after completing an 
investigation, the office determines the report to be 
unsubstantiated or without merit; and

(3) other information that is collected or produced in 
a compliance program investigation if releasing the information 
would interfere with an ongoing compliance investigation.

(d) Subsection (c) does not apply to information related to 
an individual who consents to disclosure of the information.

(e) Information made confidential or excepted from public 
disclosure by this section may be made available to the following on

If the legislature does not appropriate money specifically for that purpose, the institute may, but is not required to, implement the provision using other money available to the institute for that purpose.
