In addition, the comptroller [school district] shall submit to the school
any subsequent revision of or amendment to any of those documents within seven days of its receipt. The comptroller shall publish each document received from the school district under this subsection on the comptroller’s Internet website. The governing body shall provide a copy of the economic impact evaluation to the applicant on request. The comptroller may charge the applicant a fee sufficient to cover the costs of providing the economic impact evaluation. (d) Not later than the 90th day after the date the comptroller receives the request from the school district [copy of the application], the comptroller shall issue a certificate for an exemption from ad valorem taxation [limitation on appraised value] of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the comptroller’s decision not to issue a certificate.

(d-1) The governing body of a school district may not approve an application unless the comptroller submits to the governing body a certificate for an exemption from ad valorem taxation [limitation on appraised value] of the property.

(f) The governing body may approve an application only if the governing body finds that the information in the application is true and correct, finds that the applicant is eligible for the exemption from ad valorem taxation [limitation on the appraised value] of the person’s qualified property, and determines that
granting the application is in the best interest of the school
district and this state.

(h) After receiving a request from the school district [copy
of the application], the comptroller shall determine whether the
property meets the requirements of Section 313.024 for eligibility
for an exemption from ad valorem taxation [a limitation on
appraised value] under this subchapter. The comptroller shall
notify the governing body of the school district of the
comptroller's determination and provide the applicant an
opportunity for a hearing before the determination becomes final.
A hearing under this subsection is a contested case hearing and
shall be conducted by the State Office of Administrative Hearings
in the manner provided by Section 2003.101, Government Code. The
applicant has the burden of proof on each issue in the hearing. The
applicant may seek judicial review of the comptroller's
determination in a Travis County district court under the
substantial evidence rule as provided by Subchapter G, Chapter

(i) If the comptroller's determination under Subsection (h)
that the property does not meet the requirements of Section 313.024
for an exemption from ad valorem taxation [eligibility for a
limitation on appraised value] under this subchapter becomes final,
the comptroller is not required to provide an economic impact
evaluation of the application or to submit a certificate for an
exemption from ad valorem taxation [a limitation on appraised
value] of the property or a written explanation of the decision not
to issue a certificate, and the governing body of the school
district may not grant the application.

SECTION 15. Sections 313.026(a), (b), (c), and (d), Tax Code, are amended to read as follows:

(b) Except as provided by Subsections (c) and (d), the comptroller's determination whether to issue a certificate for an exemption from ad valorem taxation (a limitation on appraised value) under this chapter for property described in the application shall be based on the economic impact evaluation described by Subsection (a) and on any other information available to the comptroller, including information provided by the governing body of the school district.

(c) The comptroller may not issue a certificate for an exemption from ad valorem taxation (a limitation on appraised value) under this chapter for property described in an application unless the comptroller determines that:

(1) the project proposed by the applicant is reasonably likely to generate, before the 25th anniversary of the beginning of the exemption (limitation) period, tax revenue,
including state tax revenue, school district maintenance and
operations ad valorem tax revenue attributable to the project, and
any other tax revenue attributable to the effect of the project on
the economy of the state, in an amount sufficient to offset the
school district maintenance and operations ad valorem tax revenue
lost as a result of the agreement; [and]

(2) the exemption [limitation on appraised value] is a
determining factor in the applicant's decision to invest capital
and construct the project in this state; and

(3) the exemption will not financially harm the school
district in which the property is located.

(d) The comptroller shall state in writing the basis for the
determinations made under Subsections (c)(1), [and] (2), and (3).

SECTION 16. Section 313.0265, Tax Code, is amended to read

(i) A person and the school district may not enter into an agreement under which the person agrees to provide supplemental payments to a school district or any other entity on behalf of a school district [in an amount that exceeds an amount equal to the greater of $100 per student per year in average daily attendance, as defined by Section 48.005, Education Code, or $50,000 per year, or for a period that exceeds the period beginning with the period described by Section 313.021(4) and ending December 31 of the third tax year after the date the person's eligibility for a limitation under this chapter expires].
