A BILL TO BE ENTITLED

1 AN ACT

2 relating to the inclusion of affordable housing as a qualifying
3 project for public-private partnerships.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

5 SECTION 1. Section 2267.001(10), Government Code, is
6 amended to read as follows:

7 (10) "Qualifying project" means:

8 (A) any ferry, mass transit facility, vehicle
9 parking facility, port facility, power generation facility, fuel
10 supply facility, oil or gas pipeline, water supply facility, public
11 work, waste treatment facility, hospital, school, medical or
12 nursing care facility, recreational facility, affordable housing,
13 public building, technology facility, or other similar facility
14 currently available or to be made available to a governmental
15 entity for public use, including any structure, parking area,
16 appurtenance, and other property required to operate the structure
17 or facility and any technology infrastructure installed in the
18 structure or facility that is essential to the project's purpose;
19 or

20 (B) any improvements necessary or desirable to
21 real property owned by a governmental entity.

22 SECTION 2. Section 2267.002(a), Government Code, is amended
23 to read as follows:

24 (a) The legislature finds that:

1 (1) there is a public need for timely acquisition,
2 design, construction, improvement, renovation, expansion,
3 equipping, maintenance, operation, implementation, and
4 installation of education facilities, affordable housing,
5 technology and other public infrastructure, and government
6 facilities in this state that serve a public need and purpose;

7 (2) the public need may not be wholly satisfied by
8 existing methods of procurement in which qualifying projects are
9 acquired, designed, constructed, improved, renovated, expanded,
10 equipped, maintained, operated, implemented, or installed;

11 (3) there are inadequate resources to develop new
12 education facilities, affordable housing, technology and other
13 public infrastructure, and government facilities for the benefit of
14 the citizens of this state, and there is demonstrated evidence that
15 partnerships between public entities and private entities or other
16 persons can meet these needs by improving the schedule for
17 delivery, lowering the cost, and providing other benefits to the
18 public;

19 (4) financial incentives exist under state and federal
20 tax provisions that encourage public entities to enter into
21 partnerships with private entities or other persons to develop
22 qualifying projects; and

23 (5) authorizing private entities or other persons to
24 develop or operate one or more qualifying projects may serve the
25 public safety, benefit, and welfare by making the projects
26 available to the public in a more timely or less costly fashion.

1 read as follows:
