S.B. No. 415

A BILL TO BE ENTITLED

1 AN ACT relating to use of electric energy storage facilities in the ERCOT 2 3 power region. Δ BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS: SECTION 1. Section 35.151, Utilities Code, is amended to 5 6 read as follows: Sec. 35.151. ELECTRIC ENERGY STORAGE. 7 This subchapter applies only to the ownership or operation of electric energy 8 storage equipment or facilities in the ERCOT power region that are 9 10 intended to: (1) provide energy or ancillary services at wholesale, 11 12 including electric energy storage equipment or facilities listed on a power generation company's registration with the commission or, 13 for an exempt wholesale generator, on the generator's registration 14 15 with the Federal Energy Regulatory Commission; or (2) provide reliable delivery of electric energy to 16 17 distribution customers. SECTION 2. Subchapter E, Chapter 35, Utilities Code, is 18 amended by adding Section 35.153 to read as follows: 19 Sec. 35.153. CONTRACTS FOR ELECTRIC ENERGY STORAGE FOR 20 RELIABILITY SERVICES. (a) A transmission and distribution 21 22 utility, with prior approval of the commission, may contract with a power generation company to provide electric energy from an 23 24 electric energy storage facility to ensure reliable service to

S.B. No. 415

1 distribution customers.

2 (b) The commission may not authorize ownership of an 3 electric energy storage facility by a transmission and distribution 4 <u>utility.</u>

5 <u>(c) Before entering into a contract under Subsection (a),</u> 6 <u>the transmission and distribution utility must issue a request for</u> 7 <u>proposals for use of an electric energy storage facility to meet the</u> 8 <u>utility's reliability needs.</u>

9 <u>(d) A transmission and distribution utility may enter into a</u> 10 <u>contract under Subsection (a) only if use of an electric energy</u> 11 <u>storage facility is more cost-effective than construction or</u> 12 <u>modification of traditional distribution facilities.</u>

13 (e) A transmission and distribution utility may not enter 14 into a contract under Subsection (a) that reserves an amount of 15 capacity exceeding the amount of capacity required to ensure 16 reliable service to the utility's distribution customers.

17 (f) A power generation company that owns or operates an 18 electric energy storage facility subject to a contract under 19 Subsection (a) may sell electric energy or ancillary services 20 through use of the facility only to the extent that the company 21 reserves capacity as required by the contract.

(g) A power generation company that owns or operates an electric energy storage facility subject to a contract under Subsection (a) may not discharge the facility to satisfy the contract's requirements unless directed by the transmission and distribution utility.

27

(h) A contract under Subsection (a) must require a power

S.B. No. 415

1 generation company that owns or operates an electric energy storage 2 facility to reimburse a transmission and distribution utility for 3 the cost of an administrative penalty assessed against the utility for a violation caused by the facility's failure to meet the 4 5 requirements of the agreement. 6 (i) In establishing the rates of a transmission and 7 distribution utility, a regulatory authority shall review a contract between the utility and a power generation company under 8 9 Subsection (a). The utility has the burden of proof to establish that the costs of the contract are reasonable and necessary. 10 The 11 regulatory authority may authorize a transmission and distribution utility to include a reasonable return on the payments required 12

13 <u>under the contract only if the contract terms satisfy the relevant</u> 14 <u>accounting standards for a capital lease or finance lease.</u>

15 (j) The total amount of electric energy storage capacity 16 reserved by contracts under Subsection (a) may not exceed 100 17 megawatts. The commission shall by rule establish the maximum 18 amount of electric energy storage capacity allotted to each 19 transmission and distribution utility.

20 <u>(k) The commission shall adopt rules as necessary to</u> 21 <u>implement this section and establish criteria for approving</u> 22 <u>contracts under Subsection (a).</u>

23 SECTION 3. The Public Utility Commission of Texas shall 24 adopt rules required by Section 35.153, Utilities Code, as added by 25 this Act, as soon as practicable after the effective date of this 26 Act.

27 SECTION 4. This Act takes effect September 1, 2021.
