16 commands or instructions into the governmental body's computer
17 system if the commands or instructions can be executed with
18 computer software used by the governmental body in the ordinary

20 information.

21 (e) A requestor may request that a copy of electronic public
22 information be provided in the format in which the information is
23 maintained by the governmental body or in a standard export format
24 such as a flat file electronic American Standard Code for
25 Information Interchange (ASCII) if the governmental body's
26 computer programs support exporting the information in that format.

15 impair the public's ability to inspect or copy the information or
16 make the information more difficult for the public to inspect or
17 copy than records maintained by the governmental body.

18 (h) This section applies to public information for which a
19 third party is the custodian for the governmental body.

20 (i) This section does not affect the applicability to
21 electronic public information of a confidentiality provision or
22 other exception from required disclosure.

23 (j) Subchapter F applies to an electronic copy or paper
24 printout of electronic public information.

25 SECTION 3. The changes in law made by this Act apply only to
26 a request for public information received by a governmental body on
27 or after the effective date of this Act. A request received before

1 that date is governed by the law in effect when the request was
2 received, and the former law is continued in effect for that
3 purpose.

4 SECTION 4. This Act takes effect September 1, 2021.
