**IN RE: HB105** by Ortega (Relating to the use of promotoras and community health workers in Medicaid managed care.), **As Introduced**

<b>No significant fiscal implication to the State is anticipated.</b>
---

The bill would require the Health and Human Services Commission (HHSC) to allow Medicaid managed care organizations to categorize services provided by a promotora or community health worker as a quality improvement cost instead of an administrative expense. According to HHSC, this practice is currently allowable and therefore no significant fiscal impact is anticipated.

**Local Government Impact**
