

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 87TH LEGISLATIVE REGULAR SESSION

May 11, 2021

TO: Honorable Larry Taylor, Chair, Senate Committee on Education

FROM: Jerry McGinty, Director, Legislative Budget Board

IN RE: HB1342 by Leach (Relating to the provision of certain health information and other information to school districts and other participating entities in the Texas school employees uniform group health coverage program.), **As Engrossed**

The fiscal implications of the bill cannot be determined at this time as the number of districts that would request data is not known.

The bill would require TRS to provide to a participating entity, upon request and at no cost to the participating entity, any historical claims data, enrollment information, or other relevant information in connection with a search for alternative health benefit plan coverage for the entity's employees and their dependents.

The bill would provide that information must be de-identified health information and would prohibit TRS from including personally identifying information protected under HIPAA.

TRS estimates it would cost \$2,000 per instance to provide historical claims and enrollment data to employers participating in the ActiveCare program. It is not known how many of the 1,089 currently participating employers would request information. Therefore, the cost to the ActiveCare program cannot be determined at this time.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
