The bill would require the executive commissioner of the Health and Human Services Commission (HHSC) to adopt rules related to a model suicide prevention, intervention, and postvention policy for use by a residential child-care facility no later than July 1, 2022. The bill would require each residential child-care facility to adopt a suicide prevention, intervention, and postvention policy and for HHSC to provide technical assistance as necessary to these facilities.

HHSC and the Department of Family and Protective Services indicate any cost to implement provisions of the bill would be minimal and could be absorbed within available resources.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
