**IN RE: SB149** by Powell (Relating to the prosecution of the offense of operation of an unmanned aircraft over certain facilities.), **As Introduced**

**No significant fiscal implication to the State is anticipated.**

The bill would amend the Government Code to expand the offense of operating an unmanned aircraft over a correctional, detention, or critical infrastructure facility to include a military installation owned or operated by or for the federal government, the state, or another governmental entity. The bill would not change the current criminal penalties for the offense, which is punishable as a Class B misdemeanor, except it is a Class A misdemeanor if the actor has been previously convicted of the offense or of operating an unmanned aircraft over a sports venue, in violation of Government Code Section 423.0046.

Based on information provided by the Office of Court Administration, no significant fiscal impact to the state court system is anticipated as a result from implementing the provisions of the bill.
