Fiscal Analysis

The bill would amend Chapter 42 of the Human Resources Code regarding regulation of certain facilities, homes, and agencies that provide child-care services. The Health and Human Services Commission's (HHSC) Child Care Regulation (CCR) division would be required to include additional information in the searchable child care database maintained by the division. Additionally, the bill would amend requirements regarding the content of applications for a listing, registration or license, obtaining and maintaining liability insurance, and reasons a license could be revoked.

Methodology

According to HHSC, updates to the Childcare Licensing Automated Support System (CLASS), Public Provider Portal, and CLASSMate systems would be required to implement the provisions of the bill. It is assumed HHSC would require a total of 3.5 FTEs in fiscal year 2022 to make necessary technology changes at an estimated cost of \$1.0 million.

Technology

Upgrades to CLASS, the Public Provider Portal, and CLASSMate are assumed to require a total of 3.5 FTEs in fiscal year 2022 at an estimated cost of \$1.0 million.

Local Government Impact

No significant fiscal implication to units of local government is anticipated.
