The bill provides for districts to oversee a nonprofit teacher organization that facilitates the tutoring of public school students in kindergarten through grade 12 by active or retired certified teachers who are members of the nonprofit organization. The bill also provides that TRS would be required to electronically provide members with information about the program.

Local Government Impact

Based on the provisions of the bill, school districts would potentially incur costs from having to appoint an employee or employees to oversee the tutoring program for the school district, and potential costs from hiring tutors.
