

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE, 87TH LEGISLATIVE REGULAR SESSION

May 26, 2021

TO: Honorable Dan Patrick, Lieutenant Governor, Senate

FROM: Jerry McGinty, Director, Legislative Budget Board

IN RE: SB1531 by West (Relating to formula funding for excess undergraduate credit hours at public institutions of higher education and to the tuition rate that may be charged for those credit hours.), **As Passed 2nd House**

<p>No significant fiscal implication to the State is anticipated.</p>
--

The bill would amend the Education Code to exclude excess semester credit hours earned towards an associate's degree from state formula funding calculations beginning in the fall of 2023. Additionally, the bill would allow institutions to charge higher tuition rates for excess semester credit hours earned toward an associate's degree. Implementation of the bill's provisions may result in savings to the state beginning in the 2024-25 biennium as fewer semester credit hours would be counted towards formula funding; however, savings cannot be determined with certainty as student behavior may be impacted by higher tuition rates for excess semester credit hours.

Local Government Impact

No fiscal implication to units of local government is anticipated.
