Public Notice

Q&A

What makes newspapers the best source for public notice?

Newspapers are independent, credible,
and can guarantee readership. Newspaper
readers pay attention to what's going on
in the community.

Newspapers are read both in print and online.
So are the public notices we publish. And after
they're published, we archive them. Forever.

Since 1836, Texans have relied on their
newspapers to provide public notices.
They still do...for lots of good reasons.
