Robert Pechukas

Fort Bend County

Katy, TX

This legislation will be beneficial to Fort Bend County and the taxpayers that utilize our parks. We've had to explain to our residents that we don't have the authority to enforce any rules, which surprises most, if not all, of the people who contact us about our various county parks. Cities have the authority to enforce rules in their parks, as does Harris County, and given that Fort Bend County is as large as it is, while being a majority unincorporated county, it would be beneficial to all parties to add Fort Bend County to Local Government Code 320.0455.
