HB 1860

HOUSE COMMITTEE ON STATE AFFAIRS

---

Hearing Date: April 1, 2021 8:00 AM

Jodi Ware, BS, PharmD

Self, retired pharmacist

Kingwood, TX

If I am not in the room to express my support for HB 1860 in person, it is because I am in the Agriculture & Livestock hearing testifying against HB 3442 which I believe would further prejudice the TBVME complaint process against the very individuals the TBVME should be protecting (victims of violative veterinarians).

Nevertheless, I want to thank this Committee for hearing and hopefully passing HB 1860. I also want to thank the Sunset Commission for its review of the TBVME and for statutorily requiring additional reviews in 2 and 4 years. THANK YOU.
