My concern in reading the bill is that it appears too only give two weeks before EV started. Would that give enough time to get the equipment back from the general election, program the new election, get ballot approvals, get mail ballots out etc? It seems to be a very short time to get everything in order, especially for the small rural counties who may only have 1 or 2 people to get everything done.

HB 2059 would make runoff elections occur on Saturdays, and excellent idea! I strongly support HB 2059!
