I strongly oppose ANY bill that supports the Title IV-D program and State Disbursement Units. The current child support fiasco is almost FIFTY years old and needs to be completely done away with. ANYTHING having to do with the courts being involved in financial support of children where the state received funding from the federal government is nothing but a scam. The ONLY positive part of this bill is the low-income aspect...which....still provides WAY TOO much involvement from the state. Kill this bill TODAY!!!
